\$25,000 GRANT

Dr. R. A. Ross, Dean of the Faculty of Science, Lakehead University announced today that he had received a grant of \$25,000 from the National Research Council of Canada. The Grant was made to finance a feasibility study regarding the location of an area-oriented research centre in Applied Sciences at Lakehead University. Such a research centre would be multidisciplinary with special skills in, for example, geology, physical sciences and ecology. It would also provide university expertise to smaller technology-based companies which cannot develop their own research departments and encourage a continuing dialogue and study of technological developments between industry and the university. The major portion of the grant will go towards the acquisition of a senior scientist who could carry out such a study in a period of one year. It would be hoped that a person with the wide experience necessary for such a study could be released for that period of time from a position in industry or the government. It would be his responsibility, working in cooperation with Dr. Ross and Lakehead University to critically assess the possibilities for the coordination and development of such a research centre in a national context, through direct contact with industry, government and other universities. Dr. Ross stated that to the best of his knowledge, this was the first grant of this nature and amount to be granted to a relatively new Canadian University of the size of Lakehead University.

AESTHETICS EXHIBIT

The Aesthetics Gallery presents "Photographic Images", an exhibition of work by Mrs. H. D. Keller, in the Gallery from February 15th to 28th. The Gallery (Room UC-2020) will be open from 10 a.m. to 10 p.m. daily. The exhibit contains twenty-five works of photography and associated photographic media, including photo-silkscreen. The work in this exhibit is all for sale. Catalogues are listed in the Gallery.

Mrs. Keller attended the University of Cincinnati for three and a half years, majoring in graphic design, and continued in the Kansas City Institute of Fine Arts. Her experience includes freelance and lab assistance at the University of Cincinnati. She is presently working with the Media Services Department of Lakehead University. Mrs. Keller has also had several of her works exhibited in the United States.

WRIGHT COMMISSION

Since the last visit of the Commission on Post Secondary Education in Ontario to Thunder Bay with reference to their 'special study' of the status of the two post-secondary education institutions here, a Committee of Thirty, composed of fifteen members from both Lakehead University and Confederation College, was formed. After an initial meeting, the Committee of Thirty set up a sub-committee of eight members who were charged with the responsibility of soliciting briefs in relation to the revised Draft Report of the Commission. In response to advertising and general requests, six briefs were received from within the two institutions and four briefs were received from outside Thunder Bay. The Committee of Eight met three times to study these briefs and prepare its report for the Committee of Thirty. The report will be presented in full at a meeting of the Committee of Thirty to be held February 15th at 7:30 p.m. at Lakehead University. The Wright Commission is scheduled to visit Thunder Bay on February 18th and 19th for final deliberations with the two institutions.

AWARDS

Mr. George Einarson second-year Geology Major student, has been awarded a J.P. Bickell Foundation Scholarship valued at \$1,500. This award is made on the basis of five A Grades in first year studies and is paid over a three year period, providing a sufficient average is maintained. Mr. Einarson was born in Winnipeg but moved to Thunder

Bay in 1955 with his family. He attended Westgate Collegiate and Churchill High Schools, and continued directly on to studies in the Geology program at Lakehead University. He becomes the second student majoring in Geology to receive a Bickell Scholarship. Mr. Patrick Fung, now a third-year student was awarded his scholarship in the Fall of 1969.

SYMPOSIUM SPEAKER

Mr. T. A. Beckett will be the guest dinner speaker at the Third Annual Symposium sponsored by the Lakehead University Forestry Association. Mr. Beckett received his B.A. and L.L.B. from the University of Toronto and is practising law in Hamilton. He has been very active in municipal government and has been Chairman of the Hamilton Region Conservation Authority; President of the Social Planning and Research Council of the Hamilton District, and Past President of the Urban-Rural Municipalities Association. Mr. Beckett is presently a member of the Algonquin Wild Lands League, a group that has been very active in the Quetico controversy. In 1965, he received the annual Green Space Award of the Niagara Development Commission in recognition of his leadership in meeting regional outdoor recreation needs. Mr. Beckett will discuss the problems of pollution and natural resources and his experience of effective methods of dealing with them. The dinner begins at 6:30 p.m. The Symposium has attracted many well-known speakers from Canada and the United States who will be speaking to the theme "The Impact of Chemicals in Forestry". The date of the Symposium is February 13th, and registration starts at 11:00 a.m. in the University Centre. Anyone wishing further information is asked to contact the Forestry Department in Room CB-4108, extension 507.

EMPLOYERS ON CAMPUS

The following employers will be at Lakehead University to discuss employment and receive applications from students seeking both permanent employment and summer work.

February 8th & 9th - Ont. Water Resources Comm.
(Summer Employment)

February 9th - Band of Nova Scotia
(Permanent Employment)

February 10th - Ontario Civil Service
(Summer Employment)

February 11th - Ont. Water Resources Comm.
(Summer Employment)

February 12th - Great Lakes Paper
(Summer & Permanent Employment)

February 16th & 18th - Bell Canada
(Summer & Permanent Employment)

Anyone wishing further details is asked to contact the Student Placement Office, second floor, University Centre.

SAS HOSTS HIGH SCHOOLS

The Student Athletics Society is sponsoring a High School Intramural Conference on February 12th and 13th, in the University Library. Mr. Peter Hopkins, Director of Men's Intramurals at University of Waterloo will address the gathering of more than 50 high school staff and students.

The purpose of the conference is perhaps best stated by the Assistant Intramural Director: "The Student Athletic Society is quite concerned with the Intramural Program at Lakehead University. Its three aspects Recreational, Service and Competitive are all coming under fire as being either inadequate or unnecessary. Although much has been done this year to accommodate all students, still only ten per cent actually participated. In our search for an answer, we not only examined our own institution but we also questioned the role of the high schools. Are the programs adequate? Are all students' needs served? Does the program leave the participant with a good or bad impression of intramurals and athletics in general? These are some of the questions we all need to answer and only a concentrated effort from those involved will solve our problem."

QUETICO IS SUBJECT

Tuesday, February 16th, Mr. Wayland Drew will speak at a public lecture in the University Centre Theatre beginning at 8 p.m. His topic is "The Value of Wilderness to Society and to the Individual". The lecture is being sponsored jointly by the Biology Club of the University and the Save Quetico Association.

Mr. Drew is presently on a Canada Council grant, completing a book about wilderness, beauty and human insanity. The book's setting is largely Northwestern Ontario where Mr. Drew has done extensive study and research. He is also a director of the Algonquin Wildlands League and has said of this experience "in the year that I have been a director of the League, I have met many civil servants, politicians and lumbermen, and found them all to be so full of good intentions, that were it not for my own eyes, I would not believe that Quetico is being destroyed". The public as well as members of the University, are invited to come to hear Mr. Drew speak on this interesting and contemporary topic. Admission is free.

INTIMACY CONCERT

The next in the series of Intimacy Concerts is to be held in the Great Hall at Lakehead University, Thursday, February 18th. Wine and Cheese is served from 7:15 to 8:00 p.m. prior to each concert and during intermission. The featured artists will be the Revolutionary Bow, with Jane Forster, soprano, Michael Edwards, clarinet and Douglas Dahlgren, piano.

The works to be performed are, a viola sonata by Boccherini; cello sonata by Debussy; solo songs of Schubert, Schumann, Wolfe and Strauss; and a trio for clarinet, cello and piano and the clarinet quintet of Mozart. Tickets are 75¢ for students and \$2.00 for adults, available only at the door.

SCHOOL ENROLMENT UP

Enrolment in Ontario elementary and secondary schools has exceeded the two million mark for the first time.

Statistics released by the Ontario Department of Education show that more than one in every four Ontario residents is attending either elementary or secondary school. Altogether there are 2,021,909 students in the kindergarten to Grade 13 population, an increase of 35,113 over 1969.

Boys continue to outnumber girls 1,047,387 to 974,522.

The statistics also show that for the third consecutive year the number of schools in operation has decreased. In 1968 there were 5,055 schools. In 1969 the total had dropped to 4,923 and in September 1970, the number stood at 4,816. In 1970, the number of teachers increased by 3,043 to 92,972.

OTHER UNIVERSITIES

Dr. Harry E. Duckworth, currently Vice-President (Academic) of the University of Manitoba, has been appointed President of the University of Winnipeg. He succeeds Dr. Lockhart, who is retiring as of September 1st, 1971.

Dr. Duckworth gained his B.A. and B.Sc. from the University of Manitoba and Ph.D. at the University of Chicago. He is a Fellow of the Royal Society of Canada, the American Physical Society, a Doctor of Science from the University of Ottawa, an Honorary Fellow of United College and a Doctor of Science of McMaster University. His reputation as a teacher, scholar and researcher, particularly in the field of Physics is one of great distinction.

CAMPUS NOTES

□The Timetable Committee for the Academic year 1971 - 1972 will meet on Wednesday, February 24th at 2:00 p.m. in the Little Dining Room.

□Dr. B. Phillips, of the Department of Geography, presented a brief on the "Future Trends of Geomorphological Training in the University" as part of a panel discussion of a recent Report to the Canadian Earth Sciences Foundation during the Can. Assoc. of Geographers Meetings at Guelph University on January 30th. On February 4th, Dr. Phillips presented a paper entitled "Sequential Mapping with S.Y.M.A.P. - A Practical Application in Resource Management" in the Cartographic Technical Session at the Canadian Institute of Surveyors Conference in Ottawa. Financial assistance granted by the Senate Research Committee is gratefully acknowledged.

"Students are reminded that the final date for submitting examination conflicts is now FEBRUARY 15, 1971."

SUMMER MUSIC COURSES

The Lakehead Symphony Music School in cooperation with Lakehead University will offer a new feature in this year's Summer Session. There will be a joint sponsorship of a range of musical activities including: Musical Theory and Appreciation - a repeat of the successful humanistic studies program (H.S. 104 - Man and His Arts) presently offered for credit

Instrumental Instruction - a non-credit course (July 12th - August 6th) offering individual instruction in piano, string and wind instruments, musical theory and ensemble playing for beginning and advanced students, at a fee of \$60.00.

Chamber Music Concerts offered without charge to all members of the University.

For further information, contact the Extension Department (Ext. 210) or the Music Department (Ext. 444 or 344-0631).

weekly events

meetings

Saturday
February 13 Dr. Chris Jecchinis, will give his second lecture at 2 p.m. in room LB-5003 entitled "Labour Relations & Economic Development"

Lakehead University Basketball vs. Waterloo Lutheran Team at Field House at 8 p.m.

Lakehead University Nursing Association and the Regional School of Nursing are presenting a Symposium on Mental Health at Lakehead University, beginning at 9:45 a.m.

Lakehead University Girls' Basketball Tournament continues at the Field House at 9 a.m.

A.M.S. Movies, in the U.C.T. "Romeo & Juliet"

S.A.S. Intramural Conference continues today at 10:00 a.m.

Sunday
February 14 A.M.S. Movies in U.C.T. "Romeo & Juliet"

Monday
February 15 Students are reminded that the final date for submitting examination conflicts is now FEBRUARY 15, 1971

Tuesday
February 16 The A.M.S. will be sponsoring a RED CROSS BLOOD DONOR CLINIC in the Great Hall from 10 a.m. to 4:30 p.m.

The Biology Club and Save Quetico Association will present Mr. Wayland Drew to deliver a talk on "The Value of Wilderness to Society and To The Individual" in the U.C.T. at 8 p.m. Admission is free and the General Public and Students are invited to attend.

Wednesday
February 17 The Incredible Forest Series continues at 8 p.m. in room MB1015, topic is "Trees, Forests and You in the Urban Environment"

Thursday
February 18 The special classes arranged by the Computer Centre for faculty and students continues at 4:30 with "Introduction to SNOBOL Programming - Part 1" in room CB1005.

Intimacy Concert - featured artists will be Revolutionary Bow, Jane Forster, soprano, Michael Edwards, clarinet and Douglas Dahlgren, piano, in the Great Hall at 7:15 p.m. Tickets available at door, Students 75¢ and Adults \$2.00.

Friday
February 19 L.U. Hockey Team vs Bemidji State at 8 p.m. P.A. Arena

Saturday
February 20 L.U. Hockey Team vs. Bemidji State at 8 p.m. P.A. Arena

A.M.S. Movies in U.C.T. "Valley of the Dolls"

Sunday
February 21 A.M.S. Movies in U.C.T. "Valley of the Dolls"

Monday Arts Society Weekly Meeting L5005, 10 pm

Thursday Inter-Varsity Christian Fellowship Discussion Group, room C4056, 7 - 11 p.m.

Engineering Society Meeting, 11:30 a.m., Snake Pit

BLOOD DONOR CLINIC AT LU

Students, staff and faculty are reminded that a Red Cross Blood Donor Clinic, sponsored by the A.M.S. will be held in the Great Hall on TUESDAY, FEBRUARY 16th. From 10:00 a.m. until 4:30 p.m. a staff of Red Cross personnel and volunteers from the University will be on hand to register and assist all donors, and to serve coffee, pop and cookies. If you have been a donor previously, you are asked to bring your card with you. New donors are welcome. Students giving blood will be given free admission to the dance to be held on Thursday, February 18th, following the basketball game.
