"Campus" Stretches Over 30,000 Square Miles

TRAVELLING PROFESSORS OFF AGAIN

□ Lakehead University's "travelling professors" will begin their weekly trips to district communities in October as part of the University's Extension program.

The Program stretches over an area of approximately 30,000 square miles and includes 10 Northwestern Ontario communities from Dryden to Manitouwadge.

Using air, train and auto facilities, the professors commute between their classrooms-away-from-home about once a week in order to provide courses for adult students. Courses in Dryden, Sioux Lookout, Geraldton, Fort Frances, and Kenora will be conducted via video tape lectures with bull sessions about once-a-month between the professors and their pupils.

PUSHUPS ANYONE?

POOPED??? What do you mean you're POOPED???

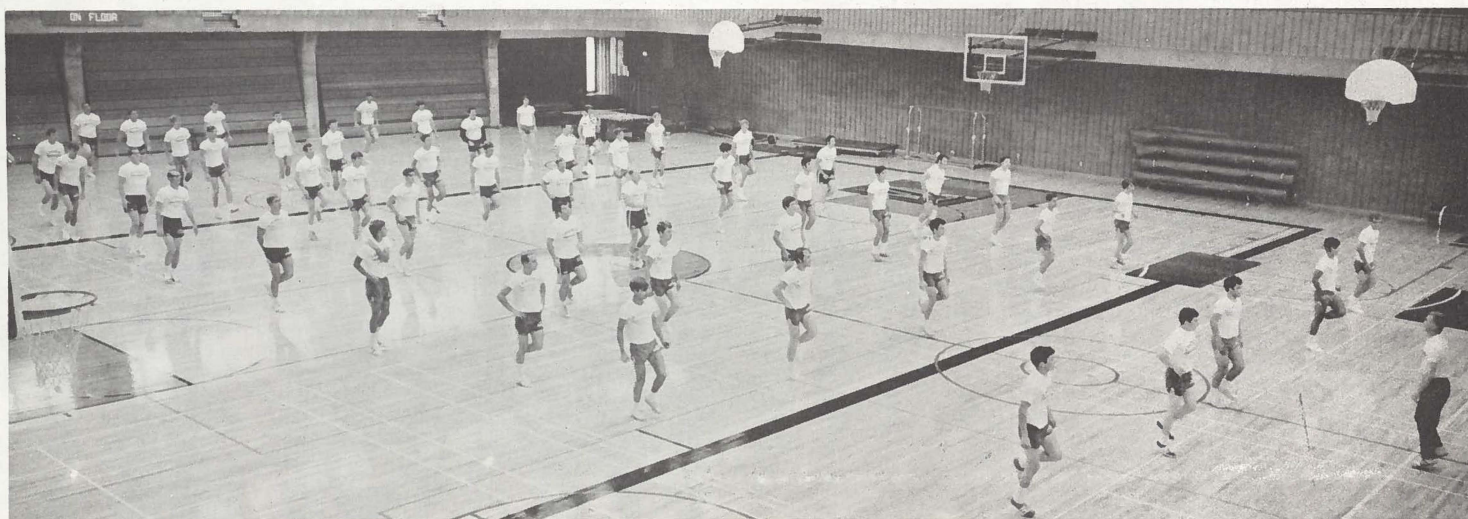

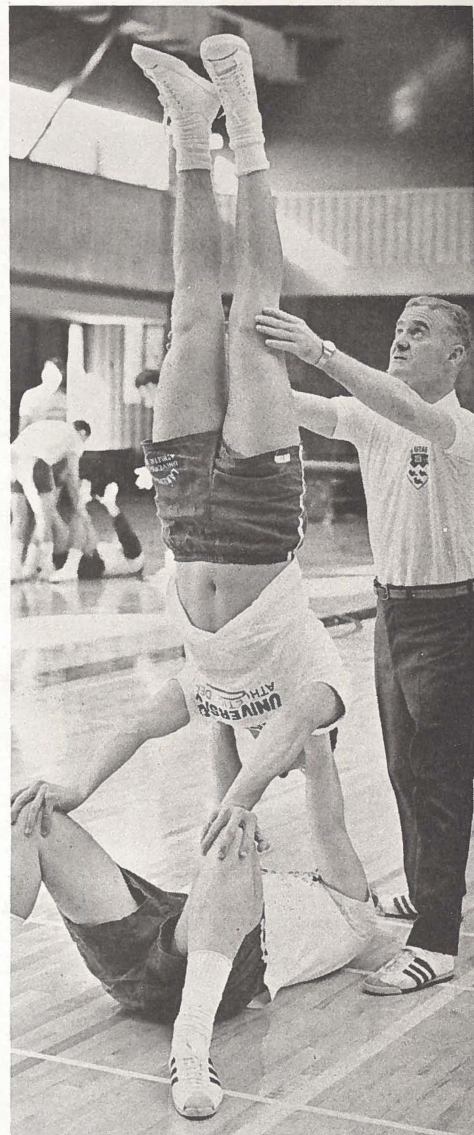

Panting, sweating and aching, the first year male students in the BPHE 101 course of the University's new Physical and Health Education program are pictured here during one of the 2½ hour work-out sessions they receive twice a week in the fieldhouse.

Under the guidance of Dr. James H. Widdop, Director of the Department of Physical and Health Education, the exercises are a compulsory part of the new course. However any interested persons are welcome to work out with the group between 8:30 and 11 a.m., Tues. and Thurs. mornings. The gym and athletic equipment are also available be-

tween 8 and 11 a.m. other mornings.

When these photos were taken the girls in the course were playing field hockey outside the Faculty of Education building. "They will join the boys for a similar workout in the near future", commented Dr. Widdop.

The students may also be joined by other members of the Thunder Bay community if a recent invitation from Dr. Widdop is accepted. Spurred on by the controversy over flabby firemen and policemen, he has invited these men to use the gym facilities and equipment free of charge when ever they wish during the day.
