Create an Opportunity of a Lifetime

Highly educated, motivated and well-qualified university graduates are crucial to Canada's success in the global marketplace.

The wisest investment we can make is in the education of our youth. With the high costs of tuition, books and living expenses, financial assistance in any form is urgently needed by our students.

Approximately 50% of our students have to rely on some form of financial assistance, e.g. the Ontario Student Assistance Plan (OSAP).

A gift of a bursary, scholarship or award is an investment in the future of Northwestern Ontario and its people. Your generosity will leave a significant legacy for our students.

We invite you to make a gift that can change a life forever.

Types of Student Financial Aid

Scholarships provide support to undergraduate or graduate students primarily on the basis of academic excellence (an overall average of 80% or better).

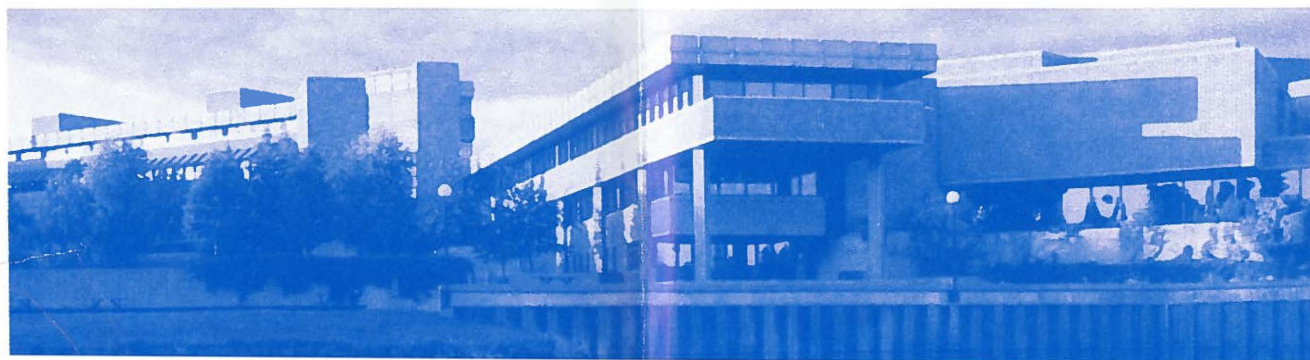

Bursaries are based primarily on financial need.

Awards may combine various criteria including academic standing, financial need and other specific requirements.

Ways to Give

A donor may choose to provide an annual award or create an endowment.

An Annual Award requires a minimum of \$300 per annum with a minimum three-year commitment. The value of the award may be increased at any time. The donor may direct this to a particular discipline.

An Endowment requires a minimum of \$5,000 paid in a lump sum or over a period of three years. The interest earned on the capital will be used to pay out an annual award in perpetuity. Endowed funds are invested through the Board of Governors Investment Committee and scholarship payouts are dependent upon the current rate of interest. You may add to your endowment at any time.

Endowed awards may be in the name of a loved one or in the donor's name (individual, foundation or corporation). Lakehead University welcomes the donor's participation in setting up the terms for annual and endowed awards.
