Inside the 1992/93 LUSU Student Handbook

Welcome to the 1992/93 LUSU Student Handbook. In planning this year's handbook, our goal was to produce a book that would be useful for students as source of information while at the same time attractive as an organizer. Here's a look at what's inside ...

This year's handbook makes living on a student budget a bit easier. Try to make use of all the deals on the coupon pages. Also new this year is the great success of the Student Saver discount program. Over 25 local businesses participated in the program this year. They are listed in the business directory section of the handbook with the Student Saver symbol.

Show your appreciation to all businesses and organizations which offered these great savings by redeeming your coupons and utilizing the Student Saver Discount Card.

The Day Calender section has an improved design and size to help you make planning easy. There is plenty of space to include reminders, assignments, notes and appointments.

Important Dates to Remember introduce each month. Included are course registration and drop dates, workshops & seminars, special event dates, exam schedules and holidays.

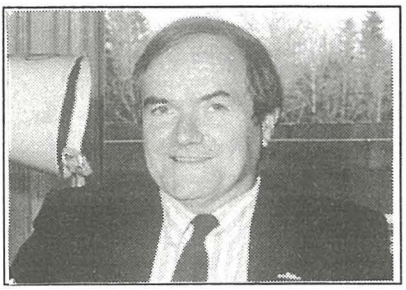

The handbook is your key to information. Throughout the handbook is everything you wanted to know about LUSU and LUSU Services as well as the University structure, administration and services. Take the time to read through all the information and you will find it very helpful.

The Student Union continues their commitment to encourage a friendly environment by producing this handbook on recycled text paper.

Although many changes have been made this year, we appreciate your feedback. We've included a survey for you to complete. We value yours ideas and comments.

The 1992/93 Handbook crew put a lot of heart and hard work into this project. We think we did a great job!

Cheers to everyone who made submissions this year and a gigantic thanks to all the advertisers who felt our project was a valuable investment. Without your support this handbook wouldn't be possible.

A MESSAGE FROM THE PRESIDENT OF THE UNIVERSITY

Dr. R. G. Rosehart

I would like to take this opportunity to welcome you to Lakehead University. Lakehead, as one of the smaller universities in the Ontario system, provides a unique environment for learning. A university education should not be limited to the classroom. You will have opportunity to develop not only your research and analytical skills, but become involved in new social activities with the consequence of both personal and academic growth. Over the past few years, the faculty and administrative staff at Lakehead have increased their commitment to enhancing the undergraduate learning experience. The objective is to ensure the years you spend at Lakehead are fulfilling and productive. It is important that students feel a sense of partnership with the university they attend and become involved in the many activities that are a part of university life.

As a university in the north, there are many opportunities to take the classroom to the "field". This is true, both in the physical sciences, and in the sessional programs. In leisure time, the region affords many recreational opportunities which may be enjoyed with groups of other students by joining one of the clubs organized through the Student Union. Campus life will provide you with the opportunity to meet new acquaintances from a variety of origins; Native Canadians, students from other countries and from all parts of Canada.

Lakehead has just experienced a period of growth, not only in student population, but in the physical growth that accompanies the increased enrolment. In the fall of 1991, a new phase of residence townhouses were completed. Another phase, located near the Balmoral Street entrance will be ready for occupancy in September of 1992. These residences are the first which are designed to accommodate students with families. The Student Centre and main events hall, the OUTPOST, were completed and opened last autumn. The attached academic wing, the Regional Centre, houses the departments of Geography, Economics, Social Work and Distance/Continuing Education. This year, the Music and Visual Arts Centre, near the Oliver Road entrance, was completed and occupied in May. To help celebrate this move of the departments of Music and Visual Arts to an on-campus location, singer and song-writer Neil Young was invited to accept an Honourary Doctor of Music Degree from Lakehead and speak at Convocation. I invite you to visit these new buildings and enjoy the enhanced facilities Lakehead has to offer.

As well as new building construction, Lakehead will be offering new programs. Beginning in 1992, a Department of Native Studies will be initiating a new native studies program. As well, a Masters program in Social Work will commence.

Lakehead University's Share Our Northern Vision Campaign has successfully raised over $8 million of a $19.2 million goal in just 7 months of a five-year campaign. Individual contributions have come from the University community, the community of Thunder Bay, the Northwestern Ontario region, and several major Canadian corporations. The Music and Visual Arts Centre mini-campaign has had a tremendous success by reaching more than 30% of its goal in only two months. Funds will be used to augment essential equipment needs, provide state of the art labs and implement new and relevant program initiatives. Another fund raising endeavour which impacts students is the Fellowship Residence, whereby donors may target their contribution to furnishing and equipping residence units.

Lakehead University is one where community spirit is evident. The faculty and administrative staff strive to enhance the experience for students. Past graduates have made a valuable contribution to the community of Thunder Bay and the region of Northwestern Ontario. I welcome you to join this growing community and become a part of Lakehead University.

LUSU PRESIDENT
Cassandra Koenen

I would like to take the opportunity to welcome all new and returning students to Lakehead University. For those of you who are new to Lakehead and Thunder Bay, you will find our campus hasa friendly, easy-going atmosphere. Being a small university, Lakehead has many advantages that the larger institutions do not: a couple of those being smaller class sizes and an opportunity to get to know your professor.

As we venture into our second year of operation of the Student Centre, LUSU strives towards providing new services and improving on our existing ones. The Gender Issues Centre which has a library of several hundred books will now be open full-time, our Radio Station will take on a more active role in campus life and this year we will be starting a peer support hot-line. If you have any comments or ideas about service you would like to see the student union provide, please come and talk to Christine, Tanya or myself and share your ideas.

As President of **YOUR** *Student Union, my job is quite diversified. As Chief Executive Officer, it is my responsibility to ensure that all facets of LUSU operation run smoothly including the student pub, The Outpost. As well, the President is the primary spokesperson for the Student Union in all internal and external relations (both Government and Student).*

I also sit on various University committees. They include the Board of Governors, Joint Management Committee, Space Committee and many others. So, between Christine and myself we cover almost all aspects of administration. If you have any problems during the school year, whether it is academic or otherwise, we will do our best to help you solve the situation.

With the impending Federal election, both the National and Provincial student organizations have been busy organizing information packages to ensure that **EDUCATION** *is put on the election agenda. Now, more than ever, it is extremely important that our governments realize what their transfer payment and OSAP cutbacks are doing to the Canadian Educational system.*

The Ontario Federation of Students (OFS) will be running a campaign in the fall entitled "System Failure", basically attacking the lack of funding provided by the NDP government to Ontario Universities and Colleges. It is **EVERY** *students problem, so be ready to take an active part on Oct. 21, National Student Day.*

LUSU is here to serve you, the students of Lakehead University, but it is important to remember that we also need your participation to make us a successful organization. Our Board of Directors, comprised of 23 people representing different faculties, meet every Thurs. at 6:00 P.M. in the Senate Chambers. I invite everyone to attend these meetings, as we discuss pertinent issues, dealing both on and off-campus that affect the students of LU.

Drop by the office anytime to chat. We are located under the skylight in the tunnel. I wish you all the best in the coming year.

VP STUDENT ISSUES
Christine Fisher

Hello there and welcome back to Lakehead University. And for those who are here for the first time, a happy welcome to you also. I want to congratulate everyone on your decision to attend Lakehead.

The Vice-President Student Issues is here for you! I am a member of Senate and voice popular student opinion regarding any academic decisions and I'm here for any grievance you may have. Plus along with many volunteers I plan different events, such as Orientation, Winter Carnival and Spring Break (watch out Texas!). Also, I have started a Peer Support Hot Line! So, if you are interested in volunteering for any of these events just pop down to see me. My door is always open.

Be sure to get involved in Orientation '92. It is sure to be the best ever. The theme is ***Lakehead...Where Everybody Knows Your Name!*** *It is true! Lakehead is small and personable and everyone feels welcome.*

LUSU is located under the skylight in the tunnels so be sure to come and visit. I'd love to meet you!

VP FINANCE
Tanya Tougas

Welcome back returning students and a special LUSU welcome to all new students.

Like the other executive positions, the V.P. Finance office is an position elected by the student body. My term is for one year commencing May 1st.

As VP Finance my profile primarily deals with the financial aspects of the Student Union and the Student Union Services. Within this my mandate mainly covers club administration and club budgets, LUSU staff relations and development, contracts and commercial ventures, LUSU handbook and organizer, radio station advisor, as well as Canadian Federation of Students - Services (CFS-S).

This coming fall will be challenging for LUSU as a number of new services will be introduced this fall and others will be further developed. Among which include Student Saver Discount (CFS-S), Travel Cuts (CFS-S), Peer Counselling Hotline, Income Tax Return Service, Volunteer Connection to name only a few. As well, a referendum on the implementation of a student Health Plan will be undertaken, and most importantly the outcome of the Student Union as the restructuring efforts unfold.

Good luck in your year at Lakehead. It's a great and rewarding place to be.

Keep Smiling!

LAKEHEAD UNIVERSITY STUDENT UNION (LUSU)

LUSU's STRUCTURE

The general student body has the ultimate authority of the Lakehead University Student Union (LUSU),a right guaranteed by the Student Union's Constitution and Bylaws. The document outlines the principles of function and organization for LUSU. However, as we all learned in high school history, direct democracy gets complicated as the population grows, so we elect a Students' Council to act on our behalf.

The Students' Council is responsible for the proper management and control of the Student Union, its building and resources. Students' Council is made up of 23 voting members - three executive members elected by the general student body.

The Executive Committee directs the activities and operations of the Students' Union, subject to the authority of the Council. There are three executive positions: President, Vice-President Student Issues and Vice-President Finance.

Where Does My Student Fee Go?

Lakehead University Student Union (LUSU) exists to serve the interests of all Lakehead students.

> *The Lakehead University Student Union Inc. is a democratic, non-profit, service oriented organization. It is committed to providing an environment wherein its members can pursue academic excellence as well as personal and social growth free from all forms of discrimination and harassment.*
>
> *Excerpt from the Lakehead University Student Union's Statement of Principles.*

In real terms, LUSU acts for the students in two main areas - Services and Politics.

MEET YOUR REPRESENTATIVES

Students are encouraged to consult their representatives about matters they would like raised at Council or board meetings. Better yet, drop in on a Council meeting or two yourself to see what it is all about. LUSU's Board of Directors meet each Thursday at 6:00 pm in the Senate Chambers, just off the Agora.

STUDENT FEDERATIONS

CFS - S

Canadian Federation of Students - Services

The Canadian Federation of Students (CFS) is Canada's national student organization. This year the CFS, which represents over 400 000 post-secondary students, marks its 11th year as Canada's only national student lobby organization. Twice a year, representatives from each CFS member campus meet to share information, and to develop policy and strategy for the federation. They elect a national executive who work year-round with a full-time staff to ensure that these goals are met.

CFS meets regularly with the Secretary of State, Employment and Immigration, and the Minister of State (Youth) as well as M.P.'s and opposition critics. We are also invited to participate in government. This could determine the amount of your student aid, university/college funding, and your chances of getting a summer job this year.

Be on the look out for campaigns run by CFS and don't forget National Student Day Oct. 21.

In addition to its political work, the Federation has a services co-op that sponsors a number of programmes for students. These programmes, operated through CFS Services are:

STUDENT SAVER * The national Student Discount Programme. It offers discounts on over 6000 products and services in Canada to CFS members with their CFS membership cards and to all other students who have purchased International Student Identity Cards (ISIC). Check your STUDENT SAVER Guide for details.

SWAP * The Student Work Abroad Programme offers Canadian students working holidays in Britain, Ireland, Australia, Japan and other countries.

TRAVEL CUTS * Travel company of CFS, specializes in travel at the lowest possible prices and is internationally recognized as Canada's National Student Travel Bureau.

THE CANADIAN STUDENT TRAVELLER * A free tabloid distributed on campuses across Canada to bring students the latest information on travel destinations and the cheapest way to get to them.

CANADIAN PROGRAMMING SERVICE * The only agency in Canada which specializes in working with student associations to bring topical, contemporary, even controversial speakers to your campus.

OFS

Ontario Federation of Students

The Ontario Federation of Students is our student lobby organization that, besides supporting us in our local endeavors, exerts extremely effective and tireless pressure on our provincial government regarding our post-secondary education (PSE) concerns. With a current membership of 250 000 College and University students, we belong to the second largest, and arguably the most respected lobby group in the province. The OFS meets regularly with members of the Ontario Cabinet focusing of course on Premier Bob Rae and Minister of Colleges and Universities, Richard Allen. Included is a close working relationship with the Opposition critics and our various alliance groups. The lobby effort is supported by a research department "second to none": and by consistent commercial and campus media work. Day to day operations are overseen by a Board of Directors which is elected and directed by the membership at large (ie. you students) during our two annual General Meetings.

Our close working relationship with the federal lobby group, the Canadian Federation of Students is paramount to our educational concerns. With the bulk of PSE funding coming from the federal government tax base, we need the CFS to make sure enough funds are raised in Ottawa and transferred to Ontario. On the provincial level, where PSE spending and policy jurisdiction exclusively lies, we need the OFS at Queen's Park to ensure that the transferred funds are spent and matched to meet our needs. In our struggle against chronic underfunding we will continue to rely heavily on the OFS and the CFS to protect students' interests in their education.

At the Annual General meeting, this past June, OFS voted to become what is called a congruent component of the National Student movement.

With the transfer payments being only 1% this year, OFS has been actively building with other lobby groups, to have a stronger voice in with the Ontario government.

Keep your eyes open on campus for upcoming OFS campaigns.

The Argus

The Student Newspaper of Lakehead University
CONTACT: EXT 8803 OR CALL 344-6911

The Argus is the student newspaper of Lakehead University. After a rocky re-start about five years ago, the stable of contributors is beginning to solidify and the article quality is improving. But even though we have a capable group of staff and contributors assembled there is always room for one more person at the Argus.

Contributing to the paper does not entail a burdensome time commitment as you can make your own schedule with us. Many interesting and varying opportunities are available with the Argus that you will enjoy now and also find to provide practical experience for the near future when you find yourself competing for scarce jobs in today's competitive market.

Obviously, if you have a talent for writing and meeting deadlines, you can carve a niche for yourself in either the News, Sports, Entertainment, or Editorial departments. If you have a penchant for computers or you want to find out what publishing is all about, you may find that helping out with the physical production of the paper is your calling. Business students and budding salespeople can work on our Advertising staff selling ad space to local businesses while earning a respectable commission. If cameras are your thing, we provide film, equipment, and developing facilities for all of your Argus related photography work.

As you can see, there are many ways that you can contribute to your student newspaper, even if the thought of writing a five hundred word article makes you cringe. There are numerous clubs and many ways to get involved during your time at Lakehead, but we encourage you to check out the Argus if you think you would like to be a part of our team.

We are in Room UC0019, past Tunnel Tech and to the left of the LUSKI offices, just to the right of the ESS doors. If you have trouble finding us, watch for our table in front of the cafeteria during recruitment week.

The first issue of the Argus will be on the newsstands Thursday, September 17th. Watch for it!

ACE - LAKEHEAD

Association of Collegiate Entrepreneurs
CONTACT: EXT # 8850

Hi! Welcome to all new and returning students to LU. To the new students, we encourage you to get involved in ACE so you can meet some people and make life here easier for you.

ACE stands for the Association of Collegiate Entrepreneurs. Although the Club is an entrepreneur club, we welcome people from all faculties, so don't feel that you have to be a business student to join.

Members of ACE-Lakehead have the opportunity to go to, learn at, and PARTY with people at the Canadian National Conference in February.

ACE has successfully held Risky Business bashes for the past two years. We have also held seminars and a Risky Casino. The money earned from the fundraising ventures contributes to sponsoring seminars and sending people to Conferences. Don't think that we always party, because we also learn about various aspects of business at the seminars we hold and conferences we go to.

Watch for our general meetings in September so you can join us. You can also drop by our office at UC 0017B (beside the ESS office and near the ARGUS office0, give us a call at 343-8110 ext. 8850 or visit our table outside the Main Cafeteria during Club Days in early September. We hope to see you in ACE this year!

LUACT

Lakehead University Association for Creative Theatre

LUACT was formed as an official Club in the fall of 1991 by a group of students and faculty who saw the need for a more formal association for the development of theatre and related activities on the Lakehead campus. The mandate of the association is to develop and present a wide variety of performance projects.

Last year, the association put on a very successful "Cabaret O' Fromage" which was compromised of numerous short skits and musical sketches performed by a wide variety of people from the Thunder Bay community. Another exciting enterprise was "Shakespeare in the Halls", which was conceived by a group of Arts and Science students as an opportunity to "expose" the Lakehead community to classical theatre in an innovative style. Watch for them in the future, they will be coming soon to a corner near you!

Coming up this fall, the association is looking forward to a special production concerning the very serious topic of AIDS. Also, look for us during Orientation Week.

Membership in the association is open to all Lakehead students, faculty and support staff, so we urge all lovers of performance to sign up today. We can be reached through the Lakehead University Student Union (LUSU). We hope to see as many old and new faces as possible. Have a great year!

LUBA

Lakehead University Business Association

This year, one of LUBA's major activities is to plan the Business Students' Orientation Week. It will be the first of its kind in many years and its success will depend on your involvement and enthusiasm. You will develop countless friendships in that week alone - friendships that will help make the transition to university life easier for you. To top off Orientation We, first year Business students will meet all second, third and fourth year Business students at the first ever, School Spirit Rally, which will be followed by the "Back to Business Bash".

For more information about LUBA activities, or the organization itself, feel free to contact the LUBA Executive - the names are on the LUBA display case in the Ryan Building - they will be happy to talk to you.

Good Luck this year and have fun getting back to business.

LUSKI

Lakehead University Ski Club

The LU Ski Club (LUSKI) is comprised of skiers who enjoy downhill skiing, but hate to pay the high prices. Run by skiers for skiers, LUSKI caters to enthusiasts of all abilities.

There are many advantages of a LUSKI membership. Through arrangements with the four local ski areas (Loch Lomond, Candy Mountain, Mount Baldy and Big Thunder), LUSKI members get up to half-price off lift tickets every time they go skiing! Discounts are also available on rental equipment. To beat transportation problems, LUSKI runs a free ski bus to a different ski area each weekend. Watch for our bus schedules on our bulletin boards outside the Cafeterias and across from Security, as well as in our column in the ARGUS. Local ski retailers honour LUSKI membership cards by giving discounts of 10%-20% off all purchases! All that's needed for these incredible discounts is your LUSKI membership card!

LUSKI also hosts several free parties during the year. Our first is the begin-the-season "Suds & Snow Ski Show" in November. Here you can meet ski area operators and ski retailers, catch a ski movie on the big screen and see what's new in the ski industry for 1992-93. During the ski season LUSKI will be hosting some ski nights with free skiing!.

LUSKI also offers many other events. Our Reading Week trip to Lutsen Resort in Minnesota is a fun filled three day getaway at an unbeatable price. Be sure to watch for the ads in early November! We also sponsor a tem in the local Senior Circuit Racing League where you can try to test your abilities against skiers of similar skill in a series of slalom and giant

slalom races.

LUSKI is the largest club on campus. Memberships will be on sale during Orientation Week and in November when the snow flies! Be sure to watch the bulletin boards for details. Memberships are only $10 this year!

Have a good year, and see you on the slopes! Just remember come this November: work is for people who don't know how to ski!

ORSS

Outdoor Recreation Student's Society
CONTACT: EXT #8259

ORSS would like to welcome all new and returning students to the new school year. For those of you who are not familiar with ORSS, it is an association which is geared towards the Outdoor Recreation, Parks and Tourism Programme. All students registered in the programme are automatically considered members, and those who are not in the programme are more than welcome to join up. Students are asked to purchase an inexpensive ORSS club card in September, which entitles card-holding members to significant discounts on all ORSS-sponsored events.

The executive, with the exception of class representatives, are elected at the end of each academic year. In early September, two or three student representatives per academic year will be chosen. Anyone else interested in helping out can participate on the social and newsletter committees.

The purpose of ORSS is primarily to promote the interests of Outdoor Recreation, Parks and Tourism. Organizing events of an academic and/or social nature throughout the year is one of ORSS's objectives, but one of the more important functions of ORSS is to set up and subsidize numerous certification courses. These courses provide economical opportunities to get the prerequisite certifications necessary for registration in some of the required and elective courses in the programme. In addition, ORSS acts as the liaison between the student body, the School's Faculty and LUSU.

For those of you who are not ORSS members, there are numerous opportunities for you to participate in ORSS sponsored events. ORSS encourages everyone to become involved! Questions or inquiries can be left in the ORSS mailbox at LUSU. We look forward to meeting everyone in the fall!

Please feel free to stop by the office (UC 2013) to drop off your submissions or deposit them in our mailbox at LUSU. We look forward to serving you as Lakehead's voicebox.

WOMEN'S RUGBY

The Women's Rugby Team wants you! It does not matter if you have never played before - all you need are cleats, a mouthguard and the ability to have fun. We teach you everything else.

The Women's Team is entering its sixth year at Lakehead, and although we have a short season (Sept.- Nov.), we cram in as many games and as much fun as most human beings can handle! If this sounds great - come on out - if you're not sure - come out anyway!

We begin practices the first week back in the field in front of the Fieldhouse. If you have any questions, call Karen at 623-5483 or contact us through our mailbox at LUSU.

LU RADIO

The Student Radio Station of Lakehead University

Well we're back and this time louder than ever this year! That's right, Lakehead University Radio once again will be saturating the airwaves around the campus. This year CKLU can be heard in more places than ever. Thunder Bay's best alternative and groovy music can be heard this year in: THE AGORA, THE RESIDENCE CAFETERIA, THE MAIN CAFETERIA, THE STUDY, THE BRAUN BUILDING, THE RYAN BUILDING, THE CENTENNIAL BUILDING, and more locations soon to be added, so keep those ears open!

We are about a year away from getting our FM Licence and when this happens: Watch out Thunder Bay! The city and campus won't know what hit them! Our station is dedicated to playing the best in new and alternative music. We exist for two reasons: to provide the students of Lakehead University with an alternative source of music than what is currently available in the Thunder Bay market, as well as keeping you up to date with all the happenings going on around campus. You will never have the excuse that you never heard that something was happening: because you would have heard it on CKLU! RIGHT! Our traffic copter will keep you up to date with the weather and parking lot situation! (Well actually we don't have a helicopter, but we will look out the window and tell you what's going on)

This year you can look forward to more CONCERT TICKET GIVEAWAYS, MUSIC GIVEAWAYS, and SPECIAL PROMOTIONS than ever! As well as keeping you up to date with the club and concert scene here at the

OUTPOST as well as in the city of Thunder Bay. Just remember: our giveaway and request line is: 343-8881, that number again: 343-8881!

ALL THIS CAN NOT HAPPEN WITHOUT YOUR HELP!

Our station needs you! We are looking for anyone who has a passion for music, and is willing to dedicate at least two hours a week to a very noble cause! You are not required to have any "formal" training of any sort, in fact, in the past some of our best shows have come from students who have never done this type of work before! All we ask is that you give it a try! You too can have the prestige of saying: "Hi, I'm a CKLU Disc Jockey!" You'll be the hit of every party! Now you are probably telling yourself "But I listen exclusively to GOAT HERDING MUSIC OF THE 17TH CENTURY" that is fine...in fact that is what we want! The music you play is your business, we would like this year to have a well rounded schedule, so if ethnic music is your thing - buono, if classical music is your ticket - very good indeed, or is soul music is your prerogative - right on brother, in fact any show or musical type is welcome! We at the station are also looking for some "Spoken Word" programming as well, do you like sports, movies, or just talking about life in general? Get a bunch of your friends and come and talk! Just don't discuss DE BEARS or DE BULLS exclusively! No relatively sane idea will be refused.

If you would like to become part of the CKLU family, or have more questions the people to contact are: Derek J.P. Serianni (Station Manager), Spencer Spratley (Programming Co-ordinator), or, Howie Harshaw (Music and Interview Co-ordinator). There are applications available in the LUSU office, just fill one out and drop it in the station mailbox which is also in the LUSU office. Feel free to stop into the station at anytime through the year, we are conveniently located in the University Centre # 2020 (We are located on the second floor, up from the STUDY, around the corner from the employment centre). Our office phone is 343-8882 feel free to direct any comments or questions to this number!

I wish all of you a very successful school year, and I hope that when you hear the music around campus you enjoy it (or at least tolerate it). Have a good one and see you around campus!

The volunteers will provide you with a professional who can help you with any situation or any topic (academics to health issues to social problems). The service will be in effect late October because of the extensive training the volunteers must go through. Please remember that it is a referral and not an advice phone line.

The volunteers are friendly and want to listen. Believe me, when it is 4:00am and you have a term paper due tomorrow plus an exam in the same course, you will need someone to help you vent your frustrations.

HARASSMENT

A student's academic, work and personal life can be seriously damaged by harassment. Effects can include feelings of helplessness, anger, depression and humiliation, as well as loss of confidence and self-esteem.

Forms of harassment can be sexual (unwelcome behaviour of a sexual nature) or any other prohibited grounds of discrimination under the Ontario Human Rights Code. These include race, ancestry, place of origin, creed, sex, sexual orientation, age, record of offences, marital status and handicap.

Harassment is inappropriate behaviour that can seriously interfere with a student's education--and is prohibited both by law and under Lakehead University's Personal Harassment Policy. In this policy, the Board of Governors of Lakehead University endorses the principle that all members of the University community have the right to study and work in an environment free from harassment.

If you are being harassed, contact the designated Personal Harassment Contact Person for the University. Phone 343-8356 or visit the office

located in the HUMAN RESOURCES DEPARTMENT. There is both an informal and formal resolution phase in the Policy. Most students with a concern meet for an informal discussion. Advice on how to handle the situation, support, confidentiality and reassurance are available to you.

Do not ignore the problem if you are being harassed. Phone 343-8356 or drop into the HUMAN RESOURCES DEPARTMENT.

HEALTH CENTRE

CANADIAN UNION OF EDUCATIONAL WORKERD - LOCAL 5

The life of part-time and full-time teaching assistants, graduate assistants and tutors is dominated by academic concerns: giving or attending seminars, and classes, using the library, writing papers to name a few. For many, however, the sole or major source of income which enables us to pursue the academic life we have chosen derives from our work relationship, and not as students or academics.

Not surprisingly we experience a whole range of conditions in our employment, much of which is enjoyable, but some of which is problematic. Over-crowded classes or tutorials, vague or unrealistic job descriptions, overwork, unreasonable demands by supervisors, late payment, cancellation of appointments, low salaries and benefits, and layoffs are some of the commonly expressed complaints about working conditions which only a Union can address.

CUEW/Sctte Local 5 represents approximately 320 full and part-time teaching and research assistants at Lakehead University. The Local has 5 Executive members elected annually in the Fall. Local 5 maintains a Steward's council to represent the various departments in the University. The Local publishes a newsletter and bulletins as the need arises. Local 5 bargains every second year. We have reached a tentative agreement with L.U. management for 1991 to 1993 that will be voted on this Fall. Members of the Local are either Master's students or undergraduates, and all members are actively encouraged to participate in the affairs of the Local. This is your voice as an employee of Lakehead University.

Drop in and talk with your Local 5 Executive in room **UC 2019B** on campus or phone us at **343-8438** to find out more about your Union.

In additions to the general collections, special collections such as those found in the Northern Studies Resource Centre located on the lower level of the Chancellor Paterson Library form part of the total library holdings.

To familiarize students with the Library and its services, tours are conducted during orientation week and during the first few weeks of classes. These tours are highly recommended as an excellent way to become familiar with the services offered by the Library.

Books from the general collection may be borrowed for three weeks. Periodicals and reference material may be used in the library only. Fines are charged for materials kept out past the due date.
