NUMBER 1

SEPTEMBER 2, 1971

REGISTRATION

Registration Schedule

PROGRAM	TIME	DATE	PROGRAM	TIME	DATE
ARTS - B.A. & HON. B. A. & (B.A.-B.Ed.)			SCIENCE		
Anthropology	9:30-4:30 pm	Wed., Sept. 8	All Programs & B.Sc.-B.Ed.	9:30-4:30 pm	Tues., Sept. 7
Economics	"	Thur., Sept. 9	UNIVERSITY SCHOOLS		
English	"	Fri., Sept. 10	Bachelor of Commerce	9:30-4:30 pm	Thur., Sept. 9
Geography (inc. En- vironmental Planning & Geog./Geol.)	"	Thur., Sept. 9	Bus. Ad. & Comp. Dip.	"	Mon., Sept. 13
History	"	Fri., Sept. 10	Grad. Diploma	"	Mon., Sept. 13
Languages	"	Fri., Sept. 10	Applied Science	"	Tues., Sept. 7
Mathematics	"	Thur., Sept. 9	Eng. Tech. All Yrs.	"	Tues., Sept. 7
Philosophy	"	Fri., Sept. 10	Forestry Degree	"	Tues., Sept. 7
Political Science	"	Thur., Sept. 9	Forest Research	"	Tues., Sept. 7
(inc. International Studies)	"		Library Technology	"	Mon., Sept. 13
Psychology	"	Wed., Sept. 8	Bachelor of Science -Nursing (B. & P.B.)	"	Wed., Sept. 8
Sociology (inc. Taiga Studies)	"	Wed., Sept. 8	REGIONAL SCHOOL		
Undecided (1st yr.)	"	Mon., Sept. 13	NURSES	1:00-4:30 pm	Thur., Sept. 2
EDUCATION			Physical & Health Ed.	9:30-4:30 pm	Wed., Sept. 8
B.Ed., Diploma-1st & 2nd. Year (Elem.)	9:30-4:30 pm	Mon., Sept. 13	PART TIME		
			Admitted & Continuing	6:00-8:30 pm	Thur., Sept. 9
			Late Applicants	"	Mon., Sept. 13

NOTE: CONCURRENT EDUCATION, B.A.-B.Ed. REG-
ISTER FIRST WITH THE DEPARTMENT OF THEIR ARTS
OR SCIENCE MAJOR, FOLLOWED BY APPROVAL BY
THE DEAN OF THE FACULTY OF EDUCATION OR
HIS DELEGATE.

ALL REGISTRATION WILL TAKE PLACE IN THE
AGORA WITH THE EXCEPTION OF THE REGIONAL
SCHOOL NURSES WHO WILL REGISTER AT THE OF-
FICE OF ADMISSIONS & RECORDS.

REGISTRATION

Education Research Grants

The Ontario Department of Education is implementing a new program of Grants-in-Aid of Educational Research and Development during 1971-72. The grants are intended to assist projects which are relevant to the problems of education and the needs of the students of Ontario.

Grants will be approved for projects to be conducted during the periods:

- (a) 1st January, 1972 to 30th June, 1972
- (b) 1st January, 1972 to 30th April, 1973

The project description should indicate the length of time required to complete the study.

Copies of the pamphlet entitled **Grants-in-Aid of Educational Research and Development, 1971-72**, are available through the office of Dr. R. A. Ross, Dean of Science. *Twenty copies* of each application must be received *before October 29th, 1971* by:

The Secretary, Grants-in-Aid of Educational Research and Development, Ontario Department of Education, Mowat Block, Queen's Park, Toronto 182. (Telephone 365-1145).

Liberal Science Program

Dr. R. A. Ross, Dean of the Faculty of Science at Lakehead University, is pleased to inform the returning student body about the new Liberal Science Program.

According to Dr. Ross, the age of technology is placing new and changing demands upon those preparing to take part in its development. Politicians, economists, social scientists, administrators and educators increasingly require scientific training in order to make decisions based on specific scientific information. The Liberal Science Program is designed to equip students to meet the demands of our rapidly evolving society by combining courses in both Science and Arts in their education. The aim of such a program is to introduce Arts students to general concepts in science rather than to train professional scientists.

Students who enrol in the Liberal Science Program may specialize in any Arts subject. Those who have already completed the first year of the General Arts Program may transfer into the second year of the Liberal Science Program while still retaining credit for all courses completed.

Although students entering the first year of the Program must be Grade 13 graduates, Science and Mathematics are not prerequisite. Requirements include a mature mind and a desire to better understand the role of science. Each student will select the courses for his program in personal consultation with a designated advisor. In this way he will be assured of a coherent progression of course matter designed to suit his needs and preferences.

A student will select 15 courses to be taken over a 3 year period in a program consisting of 5 courses in each year. Permission of the Dean of Science will be necessary to choose more than 5 courses in a given year. Minimum course requirements are:

- a. Five courses from the Liberal Sciences
- b. Three courses from the Departments of:
 - Biology
 - Chemistry
 - Geology
 - Mathematics
 - Physics
 - Psychology
- c. Three courses from Social Sciences (except Psychology) and Humanities
- d. A student will select courses offered in the Arts and Science Faculties in order to complete 15 courses.

A student may not select more than 7 first year courses.

The following Liberal Science courses will be offered this year:

- L.S. 100 - Science and Man - Professor D. G. Hughes
- L.S. 102 - Natural Science - Professor T. Northcott
- L.S. 104 - The Physical Nature of the Earth - Dr. J. S. Mothersill
- L.S. 105 - Contemporary Physical Thought - Dr. L. Hastings

Courses to be added in subsequent academic terms include:

- L.S. 101 - Science in an Age of Machines
- L.S. 103 - Chemistry and Man
- L.S. 106 - Physics for Poets
- L.S. 107 - Mathematics - The Analytical Tool of Science
- L.S. 108 - Astronomy
- L.S. 109 - Problems in Pollution

Anyone requiring further information about the program may contact:

Dr. R. A. Ross
Dean of Science
Lakehead University
Thunder Bay "P", Ontario

New Appointments

Dr. J. David Martin, Ph.D. (Washington), Associate Professor, Department of Anthropology & Sociology.

Dr. Lyn Martin, Ph.D. (Madison) Department of History.

Mr. John Stolte, M.A. (San Diego State College), Lecturer, Department of Sociology.

Mr. Bernard Nkemdirim, M.A. (McMaster), Lecturer, Department of Sociology.

Dr. L. Zawadowski, Ph.D., Full Professor, Chairman, Department of Languages.

Mrs. Patricia Barclay, Sessional Lecturer, Department of English.

Miss Sibille Lindeboom, M.A. (Western), Lecturer, of Languages.

Mr. Rufus O. Kline, Lecturer, Department of Anthropology.

Mr. Jerome Eidem, M.S. (North Dakota), Lecturer, Department of Geography.

Mr. G. R. Weller, M.A. (McMaster), Assistant Professor, Department of Political Science.

Mr. Lajinder Lamba, M.A. (Delhi), Lecturer, Department of English.

Mr. J. H. Kelleher, M.S.T. (North Dakota), Assistant Professor, Faculty of Education.

Mr. P. J. McCuaig, B.A. (Lakehead), Special Lecturer Faculty of Education.

Mr. S. B. Sellick, M.A. (Arizona), Sessional Lecturer, Faculty of Education.

Mr. Tabib Tadros, M.Sc. (Illinois), Associate Professor, School of Business Administration.

Mr. Bernard A. Hodson, B.Sc. (Manchester), Associate Professor, School of Business Administration.

Mr. Robert John Day, M.A. (Oxon), Associate Professor, School of Forestry.

Mr. Brian Moore, Laboratory Assistant, School of Forestry.

Mr. S. William Kinnear, B.Sc.F. (Toronto), Laboratory Assistant, School of Forestry.

Mr. J. H. Blair, B.Sc.F. (Toronto), Associate Professor, School of Forestry.

Mrs. Diane Scott, B.Sc.N. (Toronto), Lecturer, School of Nursing.

Miss Madeline Hookings, B.Sc.N. (McGill), Lecturer, School of Nursing.

Dr. Jane Holliday, Ed. D. (Columbia) Professor and Chairman of Department of School of Nursing.

Miss Ruth Ingram, M.Sc.N. (Washington), Assistant Professor, School of Nursing.

Miss Lillian Hoffman, M.Sc. (Saskatchewan), Lecturer, School of Nursing.

Mr. W. Mackie, B.S.Ed. (Michigan), Lecturer, School of Physical and Health Education.

Mr. Douglas W. Briggs, B.Sc.P.E. (Oregon), Lecturer, School of Physical and Health Education.

Mr. P. J. McCuaig, B.A. (Lakehead), Special Lecturer, Faculty of Education.

Miss Lenora Aedy, B.L.S. (Toronto), Assistant Professor of Library Science, School of Library Technology.

Mr. Ian Brown, Technical Assistant, School of Engineering.

Mr. H. Westbroek, B.Sc. (University of New Brunswick), Lecturer, School of Forestry.

Mr. G. Hazenberg, M.Sc. (University of New Brunswick), Assistant Professor, School of Forestry.

Mr. John Irwin, M.Sc. (Michigan), Assistant Professor, School of Forestry.

Dr. A. Day, Ph.D. (McMaster), Visiting Assistant Professor, Department of Mathematics.

Dr. N. S. Grace, Ph.D. (London), Visiting Professor, Faculty of Science.

Dr. H. Heinrich, Ph.D. (Vienna), Associate Professor Department of Physics.

Dr. W. J. Keeler, Ph.D. (University of Alberta), Visiting Assistant Professor, Department of Physics.

Mr. M. M. Kehlenbeck, M.Sc. (Syracuse), Assistant Professor, Department of Geology.

Dr. S. A. Naimpally, Ph.D., (Michigan State), Special Visiting Professorship, Department of Mathematics.

Mr. W. J. Whitely, B.Sc. (Queen's), Special Visiting Professorship, Department of Mathematics.

Mr. Fred Allen, M.Sc. (Guelph), Laboratory Instructor, Department of Physics.

Mr. D. Berglund, Junior Laboratory Technician, Science Workshop

Mr. D. Murray, B.Sc. (Lakehead), Laboratory Technician, Department of Geology.

Miss S. Phillips, B.Sc. (University of Calgary), Laboratory Technician, Department of Biology.

Dr. Peter Hindle, Ph.D., Post-Doctoral Fellow, Departments of Chemistry and Physics.

Dr. B. C. Y. Hui, Ph.D., (University of British Columbia), Post-Doctoral Fellow, Department of Chemistry.

Mr. Gary W. Summers, Liaison Officer, Office of Admissions and Record.

weekly events

Revised B.A. Regulations

The following regulations were approved by the Senate of Lakehead University, May 1, 1971:

1. That courses passed carry credit applicable to the degree, with a grade of fifty per cent being the minimum passing grade in each course. Courses may be repeated or replaced. Note: An average of at least 60% is required in the courses of the major subject.
2. That supplemental examinations be limited to three for the total degree program and that a mark of at least 40% be required for supplemental rights in a course.
3. That each student (in Regular, Summer Session and/or Intersession) meet with his academic advisor prior to registration to discuss and have approved his course of studies.
4. That not more than five failures (i.e. grade of E) may be accumulated.
5. That the 15 courses for the degree must be completed within 20 attempts* which includes the repeated courses.

*An attempt is a course registration not formally cancelled with the Registrar by February 21 in the Winter Session, May 21 in the Intersession, or July 10 in the Summer Session.

NOTE: When a student's achievement is such that any of the above minimum requirements are not met, the student must withdraw from the University for one year, or longer at the discretion of the Senate Admissions and Scholarships Committee. All other students are governed by regulations pertaining to progression in Honors programs or by regulations of their Faculty.

We Goofed!!

For your information the last issue of L.U. WEEK, Volume 3, Number 37, August 26, 1971, contained some *misinformation*. In the first place, office space in the Temporary Structure will be utilized by Lakehead Faculty, rather than Administrative personnel. Secondly, the new addition to the Athletic Complex is not a joint financial venture. As Dr. Tamblyn pointed out last week, of a total cost of \$1.8 million, the Provincial Government is providing \$1.2 million, while the remainder is being supplied from the University Building Fund. A considerable part of the latter amount is made possible by the City of Thunder Bay tying its University Grant to this specific project. As far as the Athletic facilities are concerned, they are administered entirely by the University, although provision will be made for their use by any group or individual in the community.

meetings

Wednesday, Senate Graduate Studies Committee,
