Economics

□The Economics Department of Lakehead University is offering a special one year diploma course for graduates seeking a career in economic development. This year the C.I.D.A. (Canadian International Development Agency of the Federal Government) sponsored eight students from under-developed countries; three from Pakistan, four from Thailand and one from Nigeria. Seven students have already arrived and have become full members of the Lakehead University community.

Dr. K. J. Charles, Chairman of the Lakehead University Economics Department said "This is the only university in Canada where a comparable program exists, and that this academic venture and act of international technical assistance sheds lustre both on Lakehead University and on the City of Thunder Bay."

Mr. Monaghan, Dean Ryan, Dr. Charles and Mrs. S. Yupho.

A formal reception was held for the international students on Wednesday, October 7, 1970 at 6:00 p.m. in the Nor-Shor Motor Hotel to officially welcome them to the University. Mr. Monaghan, Acting Director of the Training Division of the Canadian International Development Agency in Ottawa came especially to attend this function.

Mr. Monaghan spoke to the gathering of Students, Deans, The Mayor, University Officials, and Press, about C.I.D.A. and its relationship with Dr. Charles and Lakehead University. He commended Dr. Charles and the Dean of Arts in their active roles in setting up the course. Upon completion of their year, the students will return to their home countries and work with their government as consultants on development projects.

Education

□W. Pitman and L. Dennis spoke to a full house on Wednesday, October 7, at the Faculty of Education Theatre on many aspects of education and change.

Mr. Pitman is an M.P.P. from Peterborough, and was defeated in his bid for the Ontario N.D.P. Leadership last weekend in Toronto. Mr. Pitman, himself a teacher, stressed the importance of dedication, and professionalism. When asked about his opinion on continuing the separate schools to Grade 12 and 13, he said "Why not? They (the Catholics) have as much right to the kind of education they want, as we do to what we desire." The morning session ran overtime due to the active involvement by many students.

In the afternoon period, Mr. Dennis, co-author of "Living and Learning" talked of the great "commitment" we all have to make to institute meaningful change in education. Mr. Dennis, also urged "The money for education has to be obtained from some other source than the taxpayers. We must find alternatives, its just costing too much money and we should not expect the people to pay the whole shot."

Campus Notes

□Field studies presently being conducted by several members of the Biology Department are supplying new and important information on the ecology of the plants of Thunder Bay District. Some of the research on endemic food plants are of an applied nature and indeed economically important. Dr. Paul Barclay, who is a plant ecologist and microclimatologist is investigating physical and biological environmental aspects of blueberries and wild rice with a view to evaluate known methods of management practices. The blueberry study was originally developed in the Nakina area several years ago and is a continuing program supported by a grant from the Department of Indian Affairs. The wild rice program is also one of long duration which began with a survey of the environment of wild rice on Sibley Peninsula. An effort is now being made to relate wild rice to temperature factors as well as pH and conductivity ions. To facilitate the program, Dr. Tamblyn has permitted the construction of a small rice paddy on Lakehead University campus. During the past summer Dr. Barclay has also initiated a study on the effects of urban pollution on epiphytes of our region.

□CUGO Chairman W. J. Hanley announces that Mrs. Jean McComb has been appointed Research Assistant to the Commission. Her office is located at UC1003E and her telephone extension is 591.

Professor Hanley indicated that three submissions have been received by the Commission thus far, and five others have been promised. Nevertheless, the response to date has not been as encouraging as expected.

"If people have opinions and ideas about how this institution should be governed, then now is the time to speak up about them".

Open hearings of briefs and opinions are expected to begin within a few weeks.

□Two professors in the Faculty of Education have recently had student text books published.

Mr. J. D. Frame has had a book published by Scholastic-Tab Publications entitled "Three Poems by Browning", and Mr. J. D. Bates has had a booklet published by Ryerson Science in Action entitled "Studies for Woodlands", for elementary school pupils.

□Dr. Tamblyn is pleased to announce the promotion of Dr. E. Eager, Department of Political Science, to Full Professor.

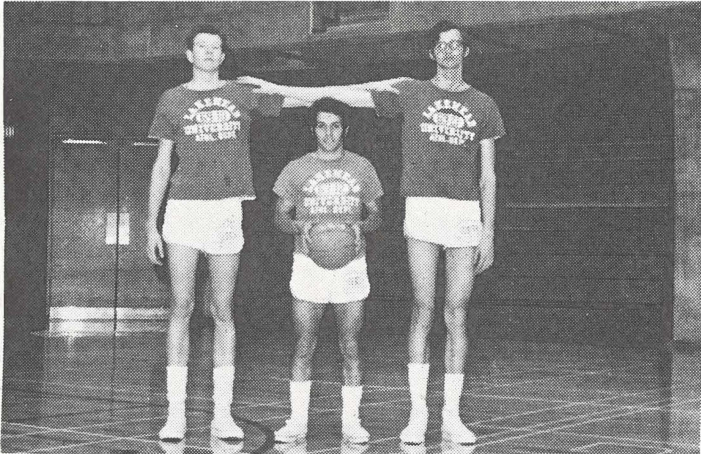

□Four members of the Biology Department (Barclay, Graham, Northcott, and Ryder) and a number of biology students attended the "international summit meeting on the destruction of wilderness environment" at Quetico Provincial Park, Saturday, October 3. The meeting was organized by the Algonquin Wildlands League and attracted representatives from major conservation groups in Canada and the United States as well as a number of biologists from other Ontario Universities. Two of the lumber companies who hold cutting rights inside the park participated, but invitations to Ontario Premier John Robarts and the senior government officials most concerned were declined.

A resolution was prepared at the meeting and will be presented to the Ontario Government. The motion protested licence trading between timber companies in the park and requested the government to reclassify the park as a class A Wilderness Park (in which no commercial exploitation would be permitted) and in the meantime the government to declare a moratorium on logging operations in the park until the possibilities of reclassification are investigated.

World Champions at L.U.

Weekly Events

□The Lakehead University Nor'Westers will play host to the K. K. Rabotnicki Basketball Club from Skopje, Yugoslavia on Wednesday, October 14, 1970 at 8:00 p.m. in the C. J. Saunders Athletic Building. The Skopje team will feature three starters from the Yugoslavian National Team which won the World Amateur Basketball Championships held last May in Yugoslavia. The Yugoslavians defeated teams from 13 countries including Russia and the United States. International rules will be used for the game.

In keeping with L.U. expansion programme, the Athletic Dept. unveiled their own project in the form of two 6'9" Nor'Wester basketball players shown above. Both Peter Halpin and Dennis Krawchuk are freshmen at L.U. and are 100% Canadian content. Joe Valenti is also a freshman at L.U. and is going to do great things on the Junior Varsity teams this year.

Four starters from last year's Nor'Wester's team which compiled an outstanding record of 23 wins and only 2 losses will return for the 1970-71 season. They are Robert Jackson, Shelton Bellamy, Joe Parks and Jerry Hemmings. The game will mark the debut of some outstanding freshmen including 6'9" twins, Peter Halpin and Dennis Krawchuk. Word from Coach Lockhart is that his team has been working hard in early practices in preparation for the Yugoslavian team. The game promises to be a highlight in the history of Lakehead basketball.

Tickets are now on sale in the C. J. Saunders Athletic Building, Perciante & Laprade Sporting Goods Ltd., and in the Student Athletic Society Office, Room UC 0021. All tickets are \$2.00.

- October 9
- Dance & Bar sponsored by Arts Society in the Cafeteria from 9 p.m. to 1 a.m. Chemistry Seminar on 0¹⁸ Transfer Kinetics by Professor Betts, University of Manitoba at 3 p.m. in Room L-0013.
- October 11
- Dance sponsored by L.U.N.A. in the Agora commencing at midnight. Movies in U.C.T. "Mr. Hobbs Takes A Vacation" & the second to be announced.
- October 12
- THANKSGIVING DAY - The University is Closed.
- October 13
- Mr. Charles McNaughton, The Treasurer of Ontario and Minister of Economics, will speak about "Design for Development: Northwestern Ontario Region - Phase 2: Policy Recommendations." in the U.C.T. at 8:00 p.m.
- October 14
- L.U. Nor'Westers vs K.K. Rabotnicki Basketball Club from Yugoslavia - 8 p.m. in Field House
The Painting Studio in basement of "F" House Mens Residence is open every Wednesday evening from 7 to 10 p.m. Movies presented by the Library Technology Society "Baby The Rain Must Fall" and to be announced. - from 4 p.m. to 1 a.m. in U.C.T., admission 50¢.
- October 15
- Registration "Visual Experience" course at 8 p.m. in Room MB-1001.
- October 16
- Folk Singing in U.C.T. from 12 noon to 2 p.m.
Beer Garden in Cafeteria from 4 p.m. to 8 p.m. sponsored by the University Schools Society
Seminar in Chemical Engineering Technology "What Is Happening In The Woods?" by A. Bartholomew, Assistant Professor, Department of Forestry, Lakehead University at 8 p.m. in Room MB-1031.
- October 18
- Movies - "True Grit" & "Blue Max" in U.C.T. from 6:30 to midnight.

Meetings

- October 9
- Senate Meeting at 2:30 p.m. in the Senate Chambers.
