THIRTEENTH ANNUAL CONVOCATION
FOR THE CONFERRING OF DEGREES AND DIPLOMAS

Convocation Speakers

MORNING CEREMONY

Benson A. Wilson was born in 1926 in London, Ontario and received his B.Sc. (Maths and Physics) in 1948 from the University of Western Ontario. He was elected a Rhodes Scholar and studied in England at Oxford University, receiving a B.Sc. in physics in 1950.

In 1951, after a year of teaching, he went into industry and spent the next seventeen years in various aspects of production, operational research and marketing. From 1957 to 1968 he worked for British American Oil Company Limited, latterly as Planning and Development Manager in the Ontario Division's Marketing Department.

In 1968 he joined the Ontario Government as Director of the Treasury Board's Program Review Branch. He remained with the Treasury Board until 1972 when he joined the Resources Development Secretariat, where he served as The Executive Director; and in March 1974 he was appointed Assistant Deputy Minister, University Affairs Division, in the Ministry of Colleges and University.

Mr. Wilson is a Commissioner of the Ontario-Quebec Permanent Commission and a director of the Toronto Symphony and Chairman of its Education Committee. He has published a number of articles on general and technical subjects.

Mr. Wilson, an elder of the Timothy Eaton Memorial Church, is married and has two children and is an active sportsman.

AFTERNOON CEREMONY

James T. Angus, B.A., B.Ed., M.Ed., Toronto, PhD. Alberta, is presently the Dean of the Faculty of Education at Lakehead University. He has held this post for the past eight years, having the distinctive honour of being made dean of the first fully-integrated faculty of Education in the province of Ontario. Dean Angus possesses a wide background of experience in teaching and in administration at all levels of the public educational system, and serves on a number of boards, councils, and committees.

Throughout his successful career as an educator, Dr. Angus has also made a significant contribution as a public speaker.

**HAROLD S. BRAUN,
C.D., B.A., LL.D**

Harold Braun was born in Hanover, Ontario in 1913, his family having lived in that part of the Province for six generations. After completing his elementary and secondary school education he went on to McMaster University where he earned his Bachelor's degree in Honours Science in 1936. He obtained his Science Specialist Certificate from the Ontario College of Education in the following year and came to Port Arthur as Head of the Science Department at the Port Arthur Collegiate Institute.

He married Margaret McComb in 1940 and they have four daughters — Susan (Mrs. Douglas Peter) living in Toronto, Jane (Mrs. Paul Fogh-Dohmsmidt) living in Thunder Bay, Mary, graduated in Law and articling in Toronto, Nancy in first year Commerce at Lakehead University.

During the war, Harold served in the Navy and has been active in the Naval Reserve since the war. He retired with the rank of Commander and received the Canadian Forces Decoration.

When the Lakehead Technical Institute was established in 1948 he accepted an invitation from Principal M. W. Bartley to become a member of the original faculty. He taught Chemistry, Physics, and Biology and the standard teaching load was thirty hours per week. When Dr. Bartley resigned in 1951 in order to return to private practice as a Consulting Geologist, Harold Braun was appointed to replace him. He served as Principal of the Lakehead Technical Institute until 1957. During this period a building fund campaign was carried out and plans were drawn for a building on the Oliver Road campus.

The move to the new campus was made in 1957. The Lakehead College of Arts, Science and Technology was established by an Act of the Ontario Legislature and the government and control of the new institution was transferred to the newly constituted Board of Governors. The Board appointed Harold Braun as principal. At this time the College offered diploma programs in Forestry, Engineering and Mining and first year degree programs in Arts, Science and Applied Science. During the next few years a second building fund drive was successfully completed and an application for elevation to degree granting status was undertaken. Lakehead College became Lakehead University in 1965 and the first degrees were granted at Spring Convocation that year, 41 Bachelor of Arts and four Bachelor of Science.

Dr. Braun's contribution to the development of Lakehead University was formally recognized by McMaster University in 1962 when he was awarded an Honorary Doctor of Laws degree, and by Lakehead in 1974, when the title Principal Emeritus was conferred on him.

When Lakehead University was reorganized under President Tamblyn, Dr. Braun was appointed the first Dean of University Schools, a position from which he will be retiring this year. Under his leadership six Schools have been established: Business Administration, Engineering, Forestry, Library Technology, Nursing and Physical and Health Education. In the intervening years programs leading to Bachelor's Degrees have been established in five Schools and Master's degrees in two. Enrollment in the Schools has increased from 319 in 1965-66 to 1600 in the current year.

Although Dr. Braun has held an administrative post for the past 26 years he has maintained an active interest in teaching and accepted responsibility for one or two courses per year for almost the entire period.

In the early 1950's Senator Paterson offered to donate a Cobalt Beam Therapy Unit to the Cancer Clinic located in the Port Arthur General Hospital. One of the conditions attached to the location of such a unit was the requirement for a person with a background in Science to calibrate it. Dr. Braun was asked to accept the responsibility and as a result spent two summers in London, Ontario serving his "apprenticeship" on the second cobalt therapy unit in use in the world. He served as Consulting Physicist to the Thunder Bay Cancer Clinic on a part-time basis for over 10 years. He was a charter member of the Canadian Association of Hospital Physicists.

Dr. Braun has been active on numerous Boards and Committees, to name a few: the Quetico Advisory Committee (Loggers Issue), Ontario Nature Reserves Committee, Board of Governors of the Port Arthur General Hospital, Canadian Society for the Study of Higher Education, American Technical Association.

Dr. and Mrs. Braun plan to continue living in Thunder Bay.

CEREMONY OF ADMISSION TO DEGREES

The Graduating Classes will enter Convocation Hall in procession under the guidance of their marshals and will stand before the seats reserved for them.

The audience will rise when the Senate, the Board of Governors, the Platform Party, including the President* and the Chancellor*, enter the Hall and will remain standing through "God Save the Queen", the Invocation, until the Chancellor declares the "Convocation Open".

The President will request the members of the Graduating Classes to rise in their places as their group is named, and when they have done so, will address the Chancellor as follows:

Mr. Chancellor, will you admit these graduands.

The Chancellor will reply as follows:

By virtue of the authority vested in me, I admit you as degree (and diploma) graduates of the University.

The members of the Graduating Classes will resume their seats. Greetings and congratulations will then be extended to them on behalf of the University.

The President will then present to the Chancellor, the Dean who will present the honorary graduand. The graduand will remain standing at her (his) seat during the Presentation Address.

On the conclusion of the Presentation Address, the graduand will approach and kneel before the Chancellor who will confer the degree by pronouncing the appropriate formula.

The Secretary of the University will then place the hood of the degree upon the shoulders of the graduand.

On the conclusion of the Convocation Address, the President will call on the presenters, in the order indicated in the programme; the presenters will call forward the various groups of candidates for degrees (and diplomas) and will read the names of the graduands present, one by one, in the order that each candidate is to advance and receive his (her) degree (diploma) at the hands of the Chancellor.

As soon as a candidate's name is called by the presenter he (she) will cross the platform and kneel upon the stool in front of the Chancellor; place his (her) hands within the hands of the Chancellor who will admit him (her) to the degree (diploma). The candidate will then rise and proceed across the platform, down the opposite steps, from those he (she) mounted the platform, receive his degree (diploma) from the Registrar, and then return to his (her) seat.

After degrees (diplomas) have been conferred upon all candidates present, the President will present Mr. W. John McDonnell, the University Registrar to receive the degrees for all absent candidates.

The Registrar will kneel on the stool before the Chancellor, and the Chancellor will confer the degrees upon all absent candidates through the Registrar of the University.

The presentation of medals and awards will follow, after which the Chancellor will bring the proceeding to a close by saying:

I hereby declare this Convocation closed.

*Where the titles President and Chancellor appear read Acting President and Acting Chancellor.
