Lakehead University

Convocation 2004

Saturday, May 29, 2004 marks Lakehead University's fortieth convocation for the conferring of degrees and diplomas. The word "convocation" means "calling together". It is a ceremonial meeting of the entire university community. On Convocation Day university members and their guests wear special attire based on a tradition that dates back as long as seven centuries ago. The academic costume, also referred to as academic "dress" or "regalia", had its origins in the ancient European universities. The regalia was devised to distinguish academic persons such as doctors, licentiates, masters and bachelors. In the middle ages they were worn as everyday attire. Gowns were a necessity because of unheated buildings and hoods were needed to cover the heads of medieval scholars.

There are many variations of academic dress. The hood, gown and in some cases the special hat (mortarboard) worn by an individual is determined by the style of the university where he or she received a degree. The colourful gowns and hoods of universities from across Canada, the United States, the United Kingdom and several other nations of the world are worn here today.

The academic dress chosen by Lakehead University is fashioned after that of the University of Oxford, the oldest English-speaking university in the world. The robes worn by the officers of the university - the Chancellor, who presides at convocation, the President (who is also the Vice-Chancellor) and the Chair of the Board of Governors - are all of the Oxford cut and trim. Each has its own distinctive colour. The colourful gowns worn by the individuals who are receiving honorary degrees are of the same design as are the black gowns worn by the student candidates. The ritual at convocation reflects the medieval custom that anyone in a university could wear a gown, but a hood was the symbol of a degree. Students who have met the university's academic requirements (three, four, five, six or seven years of study in particular subjects) wear the symbol of their status as holders of a Lakehead University degree. Lakehead University's bachelor's and master's degree hoods are distinguished by a one or two

inch colour border which indicates the degree acquired eg. white for Arts, drab for Commerce, blue for Education, burgundy for Nursing, etc. Lakehead's first PhD degree was conferred in 1998.

In addition to "earned" degrees, the university confers "honorary" degrees which symbolize the highest honour that can be conferred on an individual by the university. An honorary degree may be awarded in recognition of scholarly or creative attainments or distinguished public service to the country or region. They go to individuals who have been designated by the University's Senate, its senior academic governing body, as deserving special honour. At convocation the degree is awarded *honoris causa*, or "for the sake of honour". A hood is also given to the recipient and it may be worn to any academic affair. Recipients of these degrees become honorary alumni of the University and they may affix, after their names, the abbreviation of the degree. Two honorary degrees, the Doctor of Letters and the Doctor of Laws will be conferred in today's ceremonies.

The Board of Governors of the university also recognizes individuals who have contributed to the growth, development, welfare and well-being of Northwestern Ontario and of Lakehead University. This is done by the conferring of the title Fellow of the University. You will recognize university Fellows by their familiar blue gown with white velvet epitoge or scarf.

During the processional and the recession the Marshal for convocation carries the Mace, a silver wand which is a traditional symbol of the university's authority. This mace was given to the university by the Alumni Association in 1971. It bears the university's motto *Ad augusta per angusta*, Achievement through Effort.

Today the university community celebrates its fortieth convocation. Its members dress in clothes which are symbolic, not functional, and go through a centuries old ritual for the conferment of degrees and diplomas. We thank you for being present to share this special event with us.

Photographs - Those wishing to take pictures of the graduates are most welcome to come forward to the left and right of the stage. To avoid congestion of that area, please wait until your particular graduate is ready to receive his or her degree before you come forward.

Austin Clarke

Writer

Austin Clarke is an eminent Canadian author. His latest novel, *The Polished Hoe*, won three major literary prizes: the 2002 Giller Prize for the best Canadian novel of the year; the 2003 Trillium Award; and the 2003 Commonwealth Writers Prize for Best Book. The story takes place in the 1940s on a Caribbean island much like Barbados, when a woman named Mary-Mathilda calls the police to confess to the murder of Mr. Bellfeels, the plantation manager whose mistress she has been for many years. *The Polished Hoe* has been a popular as well as a critical success.

In addition to his writing, Austin Clarke has had a varied career as a broadcaster, civil-rights leader, diplomat and professor. Born in Barbados in 1934, Austin Clarke "grew up poor and black." He immigrated to Canada in 1955 to attend the University of Toronto, but abandoned his studies to work as a journalist and broadcaster covering social issues and the civil rights movement.

For several years he taught literature and creative writing as a visiting professor at Yale, Brandeis, Williams, Wellesley, Duke and the universities of Texas and Indiana. He remained in the United States to serve as Cultural Attaché at the Barbadian embassy in Washington, then went back to Barbados in 1975 as General Manager of the Caribbean Broadcasting Corporation.

In 1977, he returned to Canada for good and became a Canadian citizen in 1985.

Since 1964, Austin Clarke has written ten novels and five short-story collections. Much of his fiction explores the struggle of West Indian immigrants against racism and economic exploitation. *The Origin of Waves* (1997) won the Rogers Communication Writers' Development Trust Prize for Fiction. His Toronto Trilogy (*The Meeting Point*; *Storm of Fortune*; and *The Bigger Light*) as well as a memoir, *Growing Up Stupid under the Union Jack*, have recently been re-released. *The Question* (1999) was short-listed for the Governor-General's Award for fiction.

In 1998, Austin Clarke was appointed to the Order of Canada. The following year, he received the W.O. Mitchell Prize in recognition of an outstanding body of work and service as a mentor to other writers. His other honours include the Toronto Arts Award for Lifetime Achievement in Literature; the Frontier College Lifetime Achievement Award (1998); the Martin Luther King Junior Award for Excellence in Writing (1999); and two honorary degrees. He has been writer-in-residence at Massey College (University of Toronto) and at the Toronto Public Library.

Austin Clarke and his wife live in Toronto.

Dusty Miller

Civic Leader and Champion of the Arts

Born and raised in Fort William, Eleanor Joan Faircloth moved away to pursue a teaching career. Fortunately, fate intervened to bring her back in 1954, when her husband Tom Miller was offered a teaching position at Lakehead Technical Institute. For the past fifty years, Thunder Bay has been a better place to live because of Eleanor Joan (Dusty) Miller. At the University, in the arts and in municipal politics, she has steadfastly held up an inspiring vision of what is possible for Thunder Bay.

Dusty's contributions to Lakehead University have been wide-ranging. In the early years Tom and Dusty opened their home and hearts to newcomers, helping to forge a community at the University. Dusty graduated with a B.A. in 1969, winning the Chancellor's Medal. In the 1970s, she designed, coordinated and helped teach a drama program for the Fine Arts Division. In 1982, Dusty provided leadership and energy to revive the Alumni Association, and co-chaired the first Alumni Appeal. She served on the Board of Governors from 1988 to 1998, chairing the Fundraising Committee for five years.

Yet the University has been only one facet of Dusty's life. Soon after she arrived, she was at the centre of a lively theatre scene in Thunder Bay, directing dozens of plays and musicals as Artistic Director of Cambrian Players. She taught high school theatre arts and was a founding director of Theatre Ontario. She worked to bring professional theatre to Thunder Bay, and when Magnus Theatre opened in 1972, she became manager for its inaugural season.

As founding chair of the Lakehead Council for the Arts, Dusty brought the arts onto the municipal agenda. She bounded into municipal politics in 1974 when she was elected alderman. From 1978 to 1980, Dusty served as Thunder Bay's first woman mayor, actively promoting quality-of-life concerns from daycare to the creation of Marina Park.

Between stints in office, Dusty produced the opening and closing ceremonies for the 1981 Jeux Canada Games and campaigned for the Thunder Bay Community Auditorium, which opened in 1985. She returned to City Council as an alderman-at-large from 1985 to 1991.

In recognition of her diverse achievements Dusty has been awarded the Alumni Honour Award (1990); 125th Anniversary of Confederation Medal (1992); Community Auditorium President's Award (1993); City of Thunder Bay 25th Anniversary Silver Achievement Award (1995); Theatre Ontario's Maggie Bassett Award (1998); Northern Ontario Business Influential Woman (2000); and The Order of Ontario (2001).

the Faculty of Professional Schools,
the Faculty of Science and Environmental Studies
and the Faculty of Social Sciences and Humanities

FORTIETH ANNUAL
CONVOCATION
FOR THE CONFERRING
OF DEGREES AND DIPLOMAS

Frank Dottori

Corporate Leader

Frank Dottori has built a reputation as a visionary business leader. As President and CEO of Tembec, he has led the company to international prominence in the forest products sector through a corporate culture built on employee participation, technological innovation and creativity. At the same time, he has demonstrated a strong commitment to forest health and regeneration, and to the quality of life in mill communities.

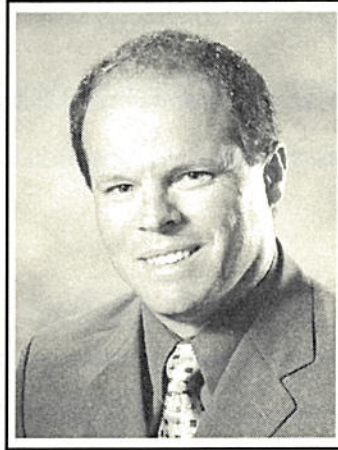

Frank Dottori was born in Timmins, Ontario, in 1939 and graduated from the University of Toronto with a degree in Chemical Engineering. In 1973, he co-founded Tembec as part of an employee buyout of a pulp mill in Temiscaming, Quebec, that was slated for closure. He has been President and CEO since 1979. In 1991, Tembec worked with employees of the Spruce Falls Mill in Kapuskasing to save that plant from being shut down.

Under Frank Dottori's leadership and philosophy, Tembec continues to reach new plateaus of excellence as a progressive, community-minded forest company. Currently, the company produces wood products, pulp and paper at plants in Quebec, Ontario, New Brunswick, Manitoba, Alberta and British Columbia as well as in France, the United States and Chile. It employs 10,000 people and has sales of over \$4 billion dollars.

Tembec manages 40 million acres of forest land using principles of sustainable development and is committed to obtaining Forest Stewardship Council certification for all forests in its care by the end of 2005. It recently announced the Tembec Green Schoolyard Program to plant trees and shrubs in selected schoolyards across Canada.

Frank Dottori has contributed to numerous industry associations over the years. In 1989, he was inducted into the Order of Canada. His other honours include United States Paper Industry Management Association Man of the Year (1990); University of Toronto 2T5 Meritorious Service Award (1988); McGill Management Achievement Award (1989); Northern Ontario Business Community Businessman of the Year (1992); Order of Engineers of Quebec Highest Achievement Award (1999); Professional Engineers of Ontario Medal of Excellence; and two honorary degrees.

Forests play a major role in the economic, environmental and social well-being of Canadians. Frank Dottori believes that a strong forest industry will continue to make a significant contribution to the Canadian economy and standard of living for all. Currently, he is encouraging the federal government to play hardball in the softwood lumber dispute with the United States.

Robert Mace

Utility Executive

Robert Mace was born in Port Arthur in 1961. The family moved to Utah for some years, returning to Thunder Bay in 1974. While attending Sir Winston Churchill High School, Robert began his career with quick-service restaurant giant McDonald's. He continued working part-time as a crew member while attending Lakehead University.

He graduated with a Bachelor of Administration majoring in accounting in 1983 and joined McDonald's full time. He moved quickly through the ranks to store manager, taking time to return to Lakehead for further courses in Information Systems Management.

Eventually, Robert and his wife decided they would rather raise their family in Thunder Bay than accept the inevitable transfers involved in working for a multinational. In 1991, Robert joined Thunder Bay Hydro, where he served as Senior Manager of Customer and Information Services and Assistant General Manager before his promotion to President and CEO in July, 2003.

Robert earned his Masters of Business Administration from Laurentian University on a part-time basis over four years through a video-conferencing arrangement with Lakehead University, graduating in 2002.

Much of Robert's career with Thunder Bay Hydro has focused on preparing the utility for the opening of the electricity market to competition in May, 2002. The former municipal Hydro Commission was incorporated and now faces a challenging new regulatory environment as well as private generation and a competitive electricity market.

Thunder Bay Hydro group of companies includes the parent company, Thunder Bay Hydro, as well as Thunder Bay Hydro Electricity Distribution, Thunder Bay Hydro Energy Services, Generation Northwest and Transmission Northwest. As president and CEO, Robert is responsible for 130 full-and-part-time employees and annual revenues in excess of \$80 million.

He has served on the Board of Directors of the Electricity Distributors Association for the past five years, and is currently Vice-chair. His mandate is to advocate on behalf of Ontario's 95 publicly and privately owned local electricity distributors and to enhance their understanding of new regulations. He also sits on the Board of the Northwest Energy Association, which promotes the interests of local distribution companies in Northwestern Ontario.

Robert and his wife Michelle Symanyk-Mace - also a graduate of Lakehead University and a former Instructor at the School of Nursing - have two children, Adam and Victoria.
