PROGRESS REPORT '68

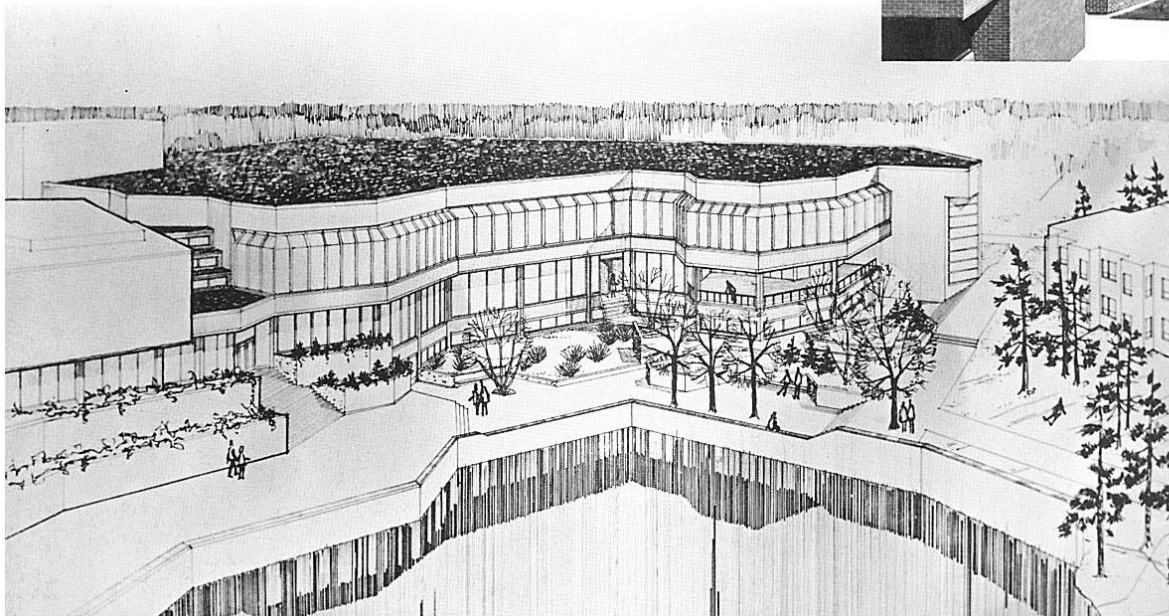

Lakehead University

Half of the building will be completed by September and will be ready for occupancy. The 110 bed residence is an excellent facility for students who wish to live on campus and also be used in the months of the year.

University Centre Extension will include all the university food services; a 700 seat cafeteria for "day" students, a 400 seat residence dining hall, as well as much needed student activity areas.

University Centre Extension as it will look when completed in spring of 1969.

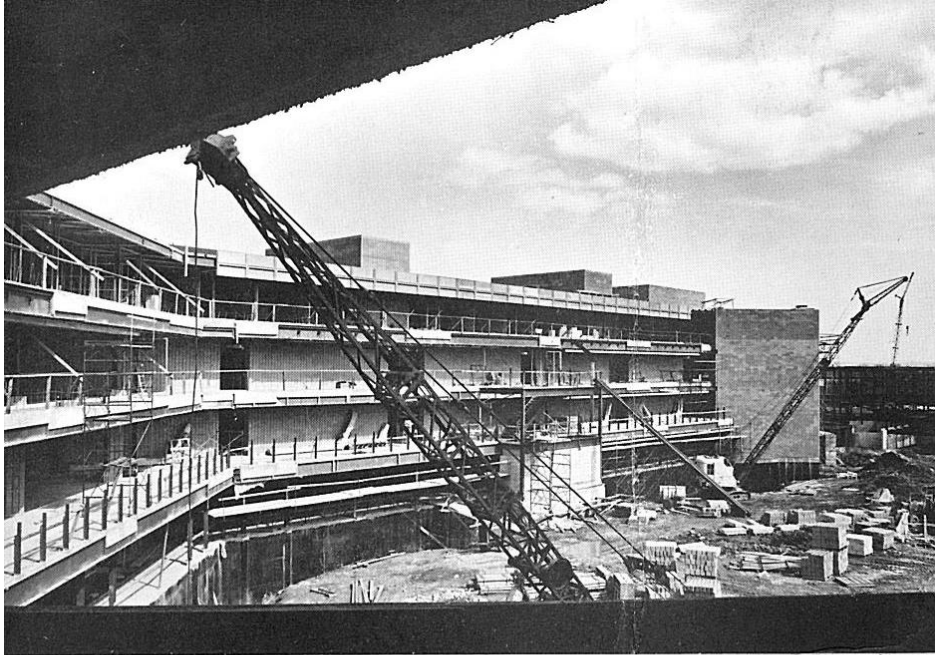

480 bed "residence village" will be
 tember 1968. An additional 240 beds
 the following September. With the
 now in use, the university will have
 to take care of out-of-town students
 on campus. Residence facilities will
 use academically oriented conventions
 May and June each year.

Artist's conception of the residence
 village as it will look when completed. There
 will be 48 students and a resident "don"
 in each three storey house.

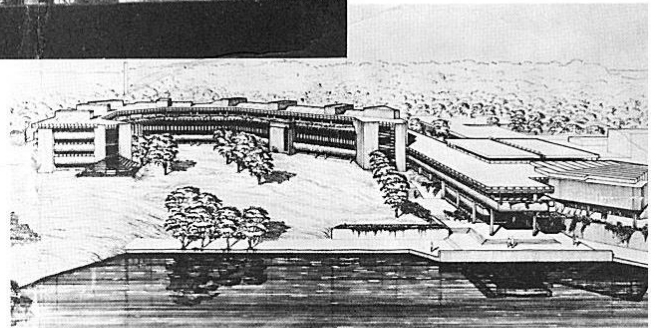

View of the two and one-half million dollar
 x storey Library building. The original academic
 ock is on the left; the university centre building
 on the right. The Library currently contains over
 00,000 volumes. It is so constructed that it can
 e expanded to accommodate 1000 readers and
 00,000 books. The recent three storey addition to
 e Library was completed in the fall of 1967.

→ About half of the \$12,-000,000 Centennial Building Complex will be ready by September 1968. The building will house all science and technology classes, laboratories, lecture theatres and offices. The Computing Centre and administration offices will also be part of the complex.

View of the recently completed multi-purpose Athletic Building. The gymnasium will seat 1400 spectators for basketball games etc.; 2500 for stage or non-athletic events with standing room for another 1000. It has already provided much needed space for the writing of examinations and for Convocation.
