Tonight culminates the 1982-83 athletic season at Lakehead University. We can be especially proud of our athletic teams and their impressive accomplishments. Winning is important - it is the highest reward for the long hours and hard work which must be expended in the pursuit of excellence - but the very existence of our Nor'Wester teams is essential to the University and community spirit. When they go out into the community and travel to other parts of Canada and the United States, they are our ambassadors.

Rebuilding was the key word in our men's basketball, women's basketball and wrestling programs. These three teams proved that they could play with the best and definitely gives us a sign of optimism for the future. Men's hockey provided us with many thrills and excitement. The team has now become a contending force in G.P.A.C. The women's volleyball team showed steady improvement throughout the year resulting in some very competitive games at the last G.P.A.C. tournament. The judo team excelled well in the tournaments they competed in.

Recent successes reflect the dedication of staff, administration, coaches and athletes as well as growing support from the general University community, the public at large and the media.

I take this opportunity to thank all those who serve and support our program. A special thanks must go to our Athletic Award Donors who assist our student-athletes in obtaining an education and participating in varsity athletics.

Through everyone's efforts the athletic program at Lakehead University is beginning to gain a new significance. With the conviction that such support will not only continue but grow, we look forward to the years ahead.
