VOLUME 3

NUMBER 32

JUNE 18, 1971

Local Art Talent

Ken Campbell was born in Thunder Bay and raised in Peterborough. He returned to the Lakehead three years ago, and has completed the second year in Arts, majoring in Sociology. He plans to carry on in third year if his budding careers as musician and artist permit.

He is currently on tour with a local pop group known as "Sunshower", but local people will more readily associate him with some quality art work which he has displayed at the Thunder Bay Fine Arts Show.

Mr. Campbell has been painting and sketching for about ten years. His artistic interest has focussed on cartoons since about December 1970, when he became dissatisfied with the quality of local cartoons.

In addition to about twenty cartoons in the Argus, Mr. Campbell has been published in about ten other university and college student newspapers,

including the University of Winnipeg, Dalhousie University, and the Northern Alberta Institute of Technology.

The quality of his work was noticed by Comcrest, Ltd., who have included Mr. Campbell's work in their series of registered Canadian Talent Prints. According to his agent, Mr. Campbell is the only Canadian producing poster-size editorial cartoons, many of which are available at the Lakehead University Book Store. His father is a naturalist, and Ken Campbell was raised in an atmosphere of respect for nature, and much of his work reflects this background. His editorial approach is that of the

light-hearted cynic, wherein he endeavours to capture a subtle balance between humour and the weighty social issues of our day.

Library Technology Project

Twenty library technician students from the Lakehead University School of Library Technology will be employed this summer in a Library project entitled: LIBRARY TECHNOLOGY PROJECT FOR ELEMENTARY SCHOOL DEVELOPMENT - THUNDER BAY, which involves both the Public and Separate Elementary Schools in the Lakehead area. This scheme is sponsored by the Federal Department of State and as part of the Opportunities for Youth Program and is valued at \$20,200.00.

The students will be employed for a thirteen week period commencing June 1. Officially, the purpose of the project is to assist the elementary schools in the Lakehead, comprising 22,800 pupils, in the setting up of instructional and resource centres where no library facilities exist. These students will be doing inventory, mending, processing, and cataloguing books in addition to setting up vertical and picture files. The first six weeks of the project will be devoted to assessing the exact needs of the various schools and then the actual planning and work in setting up the instructional and resource centres will begin. The students in this project are: Kerrie Atkinson, Laura Benvegnu, Arnold Boulianne, Barbara Campbell, John Chan, Frank Denyes, Luba Domansky, Chris Fallen, Denyse Bergamo, Marlene Hamilton, Harry Huskins, Tom Henshell, Cathy Ladigen, Dan Mahoney, Susan McMurtry, Brenda Percy, Champa Ramjass, Arlene Sim, Laurie Wilson and Nada Zugic.

The Consultants for the project are Dr. W. L. C. Greer, former Chief Librarian of the Port Arthur Public Library, and Mr. Maynard Bjorgo, Assistant Professor of Library Science, Lakehead University, and Mr. Jack Malcolm, Learning Materials Co-Ordinator, Lakehead District, Roman Catholic Separate School Board.

Schools participating in this project thus far are: Crawford, Green Acres, Heath Park, Prospect, Sir John A. MacDonald, Shuniah, St. Mary's and St. Paul's.

Canadian Math Congress

The University welcomed delegates from all across Canada to the Canadian Mathematical Congress during the past week, June 16th to June 18th.

Highlights of the Conference included the Jeffery-Williams Lecture, delivered this year by Professor W. T. Tutte of the University of Waterloo, and the public lecture entitled "Fun With Elementary Geometry" which was presented by Dr. Z. P. Dienes of the University of Sherbrooke.

New Athletic Set-Up

As of May 1st, 1972, the Western Canada Inter-collegiate Athletic Association will be dissolved and replaced by two new autonomous groups. The decision to disband the WCIAA was made at the Association's recent annual meeting in Calgary when Dr. Lou Goodwin, Director of Physical Education of the University of Calgary, was returned as President.

The vast geographical area of Western Canada, coupled with expenses, were the key factors which led to the break-up of the WCIAA.

For the 1971-72 schedule the organization will operate on a divisional basis prior to incorporation as two independent conferences. Likely universities to be members of the western conference are the Universities of Calgary, Alberta, Lethbridge, British Columbia and Victoria.

In the east, Lakehead University of Thunder Bay, Ontario, newly affiliated with WCIAA, will join the Universities of Saskatchewan, Manitoba, Winnipeg and Brandon.

Hockey and basketball will operate during the 1972 season on a divisional basis and will become completely independent conferences in 1972-73, with hockey likely playing an interlocking schedule.

This fall, the new western conference will meet in Vancouver and the eastern conference will meet in Winnipeg to finalize organizational details.

Summer Session Registration Now Set For June 21st

In order to allow final winter term marks to be distributed before the Summer Session final cut-off limit, the final registration date for Summer

courses was changed to June 21st. Courses offered include:

- | | |
|-----------------------|---|
| Anthropology 1a6 | - Introduction to Anthropology |
| Anthropology 3a6 | - Dynamic Aspects of Culture |
| Biology 1a6 | - Introductory Biology |
| Biology 3a6 | - Plant Taxonomy |
| Business 1a6 | - Accounting |
| Business 100 | - Organization |
| Business 204/504 | - Marketing |
| Business 409 | - Sales Management |
| Business T2d | - Human Relations and Effective Supervision |
| Economics 1a6 | - Principles of Economics |
| Economics 3d6 | - Labor Economics and Industrial Relations |
| Economics 3g6 | - Regional Economics |
| English 1a6 | - Introductory |
| English 1p6 | - English as a Second Language |
| English 2a6 | - Shakespeare and Pre-Restoration Drama |
| English 2b6 | - The Romantic Movement |
| English 2d6(H) | - The Renaissance |
| English 2g6 | - Rehearsal and Production |
| English 3c6(H) | - American Literature in 1914 |
| English 3d6(H) | - Canadian Literature in English |
| English 4c6 | - The Modern Novel |

Science a6	- Science and Man
Sociology 1a6	- Introduction to Sociology
Sociology 2a6(H)	- Family Sociology
Sociology 3b6	- Social Psychology
Physics 1a8	- Introductory Physics

Anyone interested in further information is asked to contact the office of the Director of Extension and Summer Session in Room UC-1003 (Extension 210)

Studies in Management

The School of Business Administration at Lakehead University will be offering management courses during the Summer Term of 1971.

These courses will be commencing very soon - July 5 - and persons wishing to enrol should do so in the very near future.

Courses Offered:	- Introduction to Business
Business 100	- Accounting
Business 1a6	- Marketing
Business 204/504	- Sales Management
Business 409	- Human Relations & Effective Supervision
Business T2d	

With the approval of the appropriate department, Arts students may count Business 100 and Business 1a6 as credits towards a B.A.

Most of the classes will be held in the evening.

The final registration date for courses to be offered in Summer Term by the School of Business Administration at Lakehead University has now been set for Monday, June 21, 1971, from 7:00-8:00 p.m. in Room MB-1061 of the Main Building. If a sufficient number of students are not registered at this time for any particular course, that course will not be offered.

For further information and preregistration contact:
Mr. O. Trist
School of Business Administration
Lakehead University

Department of Economics

The fifth annual meeting of the Canadian Econo-

mics Association was held in St. John's, Newfoundland, from June 3rd to June 5th, 1971.

The Economics Department of Lakehead University was represented by Dr. K. J. Charles, Chairman and Mr. Dale Martin. Dr. Charles was also a discussant on a paper by Dr. D. D. Detomasi entitled, "The Dichotomization of Economic Growth and Social Change".

Dr. Charles is currently conducting research at the invitation of the Federal Government, on "Plans and Developments in the World Economy and Their Implications for Canadian Economic Development". The research for the study will be done in Ottawa, at the United Nations in New York and at the World Bank in Washington. Dr. Charles expects this study to be completed sometime in September of this year.

Student Leadership

The Northwestern Ontario Student Leadership Conference is to be held at Lakehead University from Sunday, June 20th to Wednesday, June 23rd and is a memorial to the late Dr. Z. S. Phimister, former Deputy Minister of Education.

Participating high schools will be represented by a staff advisor and two student delegates who will be holding elected positions on the student governing body for the coming academic year.

The conference aims to improve and deepen the quality of student leadership through discussions on the organization and technique of responsible Student Councils.

Information Office Change

Dr. W. G. Tamblyn, President of Lakehead University has recently announced the appointment of Mr. Robert D. Penfold as Information and Publications Officer, with his responsibilities commencing June 7th.

Mr. Penfold was raised in Windsor, Ontario, where he completed his B.A. at the University of Windsor. After teaching for two years in Windsor, Mr. Penfold came to Thunder Bay and began work on his M.A. in English at Lakehead University. He is married and has two children. Mr. Penfold will assume the position previously held by Mrs. Pamela Duke who will be leaving the University on June 30th, to take up freelance work on a part-time basis.

University Annual Meeting, Senate
Chamber, 4:30 p.m. with
Dinner to follow.

4-H Regional Conference

The 4-H Regional Conference takes place in Thunder Bay this year, commencing Monday, June 28th, and running through Thursday, July 1st. Centre of operations will be Lakehead University Residence. Major area activities include a tour of Confederation College, a banquet at the Royal Edward Hotel with the Kiwanis Club, and a boat tour of Thunder Bay harbour.

Objectives of the conference include achievement of a broader outlook on life, to provide an environment conducive to the development of friendship, and to further training in citizenship and discipline.

Summer Workshop

The Northwestern Ontario Youth Theatre summer workshop project will hold auditions for all interested young people at Lakehead University Centre Theatre from 9 a.m. to 5 p.m. on Saturday, June 19th.

Approximately 40 candidates will be chosen to take part in an intensive six-week program to be held at Lakehead University from July 18th to August 28th.

Workshops will be held from 9 a.m. to 5 p.m., five days per week through the above dates. The program will be directed by two full-time professionals with two trained assistants, and professional specialists will be called in from time to time for specific instruction.

All aspects of theatre activity will be covered: from the artistic side, including acting and directing; to the technical side, which involves staging costume and makeup; to the administrative roles, which include producing, box office management and advertising management.
