LINE

New procedures for the operation of the Phoneline are currently being drawn up. According to Andre, training, staffing, and recording need to be re-evaluated.

The Phoneline has been in operation for eight years and over that time hundreds of calls have been logged. Enquiries range from general information about social activities to very special concerns from people just coming out.

Andre says that he will

be looking at a number of ways to improve the phoneline including better methods of recording, better training of volunteers and other ways of providing a better phoneline service to the gay and lesbian community.

For those people interested in becoming a volunteer peer counsellor, contact the phoneline for information. The line is staffed on Monday and Wednesday evenings from 7:30 to 9:30 pm.

*4 dollars**

The price of admission to GTB Socials is going down. Beginning with the New Year's Eve Social on December 31 the admission price will be \$4.00. However, the admission price will be charged until 1:00 a.m. In the past, the door was kept open until midnight but organizers found that many people were waiting until then to enter and that GTB socials were not making enough profit to keep operating.

Coffee and pop will now be sold from behind the bar. New prices will be 50 cents for coffee and 65 cents for name brand cans of pop. Mixes for drinks, however, will continue to be included in the regular price for liquor.
