

Congratulations Graduate

1982

Department of Alumni Services
Lakehead University

To the graduates:

Graduation is a time for congratulations and celebration. It is also a time for looking back over the road you have travelled, and forward to the years ahead.

The way you have come has surely brought you challenges and rewards. You have undertaken a program of study, and met the challenges therein with the success which your graduation signifies. You have reason to be proud of your achievements. Certainly, your University is proud of you.

Looking ahead, you go now to discover opportunities and to accept responsibilities for which your years at university have prepared you. We look forward to your future successes. Our best wishes go with you.

Yours sincerely,

GEORGE A. HARROWER,
President.

Welcome to our association!

As the newly-elected President of the Lakehead University Alumni Association, my first "official" duty is to welcome you, the 1982 graduates to our Association. You have now joined some 13,000 Lakehead grads who are located in almost every part of the globe.

Although our association is relatively new and your executive has yet to put together a comprehensive alumni program we do have two things going for us: a great deal of experience from a wide variety of backgrounds, and most importantly, the enthusiasm to develop meaningful programs for us - Lakehead's graduates.

Of course much of our success depends on communication - especially between you and the Office of Alumni Services. Keep in touch with us, so we can keep in touch with you.

This folder outlines some of the facilities available to you at Lakehead. And remember too, that we now have our own headquarters - in Alumni House on Oliver Road.

One last thought: This is our Association and its effectiveness will be a reflection of our interest in its activities.

Yours sincerely,

E.J. (DUSTY) MILLER
President, Alumni Association.
