Introduction

Lakehead is developing a much recognized national presence and academic reputation in Native Language Studies. I am very pleased that you are planning to accept our invitation to join our Summer Program, and in so doing, will contribute to our growth in many ways. In order to give you an even better understanding of some of the activities in the NLIP Program, and in the University as a whole, we prepared the *Handbook for NLIP Faculty and Staff*. It provides a quick overview of our program and the scope of their activities.

I wish you much success in the 1992 NLIP summer session.

The Program

Lakehead University, in the heartland of Ojibwe country, offers a selection of Native Language courses and programs through the co-operative efforts of Languages and Education. Native Language studies are proving to be of growing interest to students of every age, Native and non-Native alike. While some students come to Lakehead especially to study in a Native Language program, others find that the study of Native Language complements their chosen programs in other fields.

Canadian people have a rich heritage in the Native Languages of this country. Until recently this heritage has remained largely unappreciated. We at Lakehead University feel privileged and proud to share in the building of the new academic tradition that will emerge as we pursue goals of excellence in Native Language study and teaching.

Program Goals

- to MAINTAIN the vitality of Native Languages among members of the Native Language community, by providing opportunities for its study and creative use in the academic setting;
- to DEVELOP new functions and skills, in the use of Native Languages through research, teaching and materials production;
- to INTRODUCE a Native Language to those who wish to learn it through introductory and developmental courses in Cree and Ojibwe.

1. Native Language Teacher Certification Program

The purpose of the Native Language Teacher's Certification Program is to increase the number of Native language teachers through summer programs which will prepare them to instruct in Native as a second language. It is a three summer program of four weeks duration. Students receive training in teaching Native as a second language to children whose first language is English. Native language teachers who have an understanding of the structure of the Native language, pedagogical principles, methods and techniques for teaching Native as a second language will promote and maintain the teaching of Native languages. Course requirements are met through a combination of courses and student teaching.

1.1 The Algonquian Courses (Refer to Appendices A & B for course descriptions)

Native Language Teacher Certification Program (NLTC) Algonquian

Year One	Al 1212	Ed 1571	Ed 1351	Ed 0190
Year Two	Al 1232	Ed 1572	Ed 1352	Ed 0290
Year Three	Al 2213	Ed 1573	Ed 1353	Ed 0390

Courses in the Algonquian Series are for fluent speakers of Cree, Ojibwe, and Delaware. Also included are related languages of Montagnais, Nascapi, Potawatami, Micmac, Malecite, and Saulteaux.

The intent of the Algonquian Series of courses is: to coach the student to acquire the skills of reading his/her language with comfort and comprehension, and of writing it with ease and consistency in the generally recognized orthography of his/her dialect area; to lead the student inductively to an understanding of and appreciation for the structural terms necessary to the language teaching task in the elementary and secondary schools in Ontario. These are two parallel series of courses designed to meet the language needs of the student. The Northern Series is designed for students from areas of Ontario where the language is written in syllabics. All Cree students enroll in this group, as well as Ojibwe speakers from "non-road-access" communities of Northern Ontario. The Southern Series is designed for students from areas of Ontario where the language is written in the Roman alphabet. All Delaware students enroll in this group as well as Ojibwe speakers from "road-access" communities of southern and near Northern communities.

1.2 The Iroquoian Courses (Refer to Appendices A & B for course descriptions). Courses in the Iroquoian Series are for fluent speakers of Mohawk, Oneida, Cayuga and Onandaga.

IV. Cancelled Classes

Classes cancelled due to illness, etc. should be re-scheduled at a time convenient to the instructor and students.

V. Schedule of Classes

Classes begin on the half hour and end twenty minutes past the hour.

VI. Course Outline

A course outline is **required** in the Native Language Instructors' Program office **before** your course begins. The course outline should contain the following information:

- (a) course description from the calendar (refer to Appendices A & B)
- (b) course objectives
- (c) course content
- (d) course assignments
- (e) course evaluation scheme
- (f) course schedule (dates/content/readings)

A **must** for every course outline. Each course outline, in addition to the above, should include the following:

Incomplete Standing:

It is the responsibility of the student to complete all work in accordance with the time schedule communicated by the instructor at the beginning of the course. If for some reason the student is unable to complete the course requirements on time, it is his/her responsibility to apply in writing for an extension. If granted, the students will receive an Incomplete grade and the University policy with respect to such grades will apply. If the student makes no formal application for an extension, the instructor will submit a grade based on a zero grade for the uncompleted portion of the work. This grade will hold unless a Change of Mark form is submitted by the instructor and approved by the Chairperson and Director.

In courses where there are two sections, it is important that content and evaluation be similar. Please collaborate with your other half to ensure reasonable similarity. Courses thus affected:

AL 1212 - Chuck Fiero and Reta Sands
AL 1232 - Chuck Fiero and Reta Sands
AL 2213 - John O'Meara and Lena White

For these classes, marks and averages should be reasonably close. Please keep in touch about this.

Since promptness and regular attendance are required of teachers, NLIP encourages formation of these professional habits. Please record attendance and punctuality for each class you teach. You may wish to build this in, in some way, to your evaluation scheme.

Note: Students who fail to appear for any student teaching assignment (without prior permission) will automatically fail their student teaching component (i.e. ED 0190, ED 0290, or ED 0390).

VII. Course Materials

If you anticipate needing any materials with which to teach your course(s), please inform the NLIP office as soon as possible so that these may be ordered. In addition, if you plan to use a textbook in your course(s), please fill out the enclosed book order form (refer to Appendix F) with all possible information included and return it. If you have written, or plan to write your own text material, send a camera-ready copy by May 15. It will be printed and placed in the L.U. Book Shop for your students.

VIII. Printing

The School of Education has guidelines regarding the printing of course materials. Course outlines, activity/worksheets, tests and exams will be printed. Handouts such as journal articles or book chapters will not. Bring your printing to the NLIP Secretary and she will complete a requisition, then send to the Print Shop. This service takes a minimum of one full day.

One venda card is provided for your personal use during the course.

IX. Academic Regulations

Reference should be made to Section III of the Calendar. These are the academic regulations under which all courses operate and contain information of marking, re-appraisal, attendance, and withdrawal.

Each sessional lecturer will be required to complete a class mark sheet for the students enrolled, at the end of the course. The forms will be provided during the latter part of the course. The Mark Sheet must be in the Native Language Instructors' Program by Friday, July 24, 1992 for NASL/NAFL/Institute courses and, Friday, July 31, 1992 for NLTC courses.

To assist you in this task, the University's grading system is as follows:

A+	90 - 100%	
A	80 - 89%	
B+	70 - 79%	
C	60 - 69%	
D	50 - 59%	
E	40 - 49%	Supplemental examinations allowed
F	01 - 39%	Failure
F	0%	Academic dishonesty

* Final marks ending in the numeral 9 are to be avoided.

While the university does not mandate evaluation procedures to be used, it is anticipated that faculty members will utilize an appropriate variety of assessment strategies to ensure students have adequately mastered both course content and its practical application. Mark distribution should reflect the range of natural abilities found in classes. The value of quality education should not be eroded.

X. Course Evaluation

The Senate of Lakehead University has adapted an evaluation form for use by students at the end of each course. These forms will be distributed during the final week of classes. After the submission of marks they will be processed and returned to you.

XI. Keys

Keys for classrooms, the Bora Laskin Building, and the Ryan Building are available through Sonya Bruyere in BL1032E.

XII. Identification Cards

Photo equipment and staff from records will be available to process identification cards on July 2, 1992 in the Agora. The card must be taken to the library to be bar coded. This is required before faculty have library privileges.
