FACULTY OF ARTS . . .

SEMINAR OBJECTIVES

Contrary to opinion, students who fail at university (50% of those entering according to a recent report) do not fail because of lack of talent or intelligence; they fail simply because they do not know how to apply themselves or how to study.

Thus, the Seminar has two major objectives:

To motivate the student and give him assistance on how to motivate himself.

To introduce him to the study skills: reading, listening, scheduling, taking of examinations, using the library and writing essays and papers.

On Becoming an Educated Person, by Virginia Voeks (W. B. Saunders Company, \$3.00).
