Forestry Jaunt

Who says student commitment is dead? During study week, eight Lakehead forestry students, accompanied by Dave Irwin and Brian Moore of the staff of the School of Forestry, took part in a whirl-wind tour, covering 2,200 miles and fourteen plant visits in eight days.

... and one for all

Focussing upon the secondary wood-using industries, the group witnessed various manufacturing methods in the production of plywood, particle board, hockey sticks, pianos, caskets, top-quality and good quality furniture, and chassis for buggies, wagons and the like. Stops included Hearst, Cochrane, Powassan, Hespeler and Pancake Bay. Through the cooperation of the Ministry of Natural Resources, the group saved on expenses by rolling out their bedrolls in heated warehouses along the way. They shared the driving in a rented van and often stopped for cookouts under the stars. One of their more memorable stops was for a feast of pigtails in the Blue Moon Hotel in Petersburg.

The average out-of-pocket expense for the whole trip was about \$35. Not only did the students benefit from the opportunity to observe the practical application of what they have been studying, but they also experienced (according to the picture) that special camaraderie which seems to go along with being a forester at Lakehead University.

Foundation Grant

The Lake Superior Association of Colleges and Universities has announced that a grant of \$69,000 has been made by the Hill Family Foundation to the Association for the fiscal year 1973-74. The heads of the six institutions comprising the association said in a joint statement, "This grant enables us to move the Association into a new and important level of collaboration. The level of

funding will make it possible for us to recruit a skilled educational facilitator who will be able to bring the six institutions spanning our northland region into significant collaboration."

The Association which contains the following institutions: College of St. Scholastica, Lakehead University, Mount Senario College, Northland College, University of Minnesota, Duluth, and University of Wisconsin, Superior, was formally initiated in the fall of 1972 at a meeting held among the six institutional heads at Lakehead University in Thunder Bay, Ontario. The Association seeks to create avenues of cooperation among the institutions whereby the best possible deployment of resources can be achieved.

History Notes

The Twenty-sixth Annual Pacific Northwest History Conference will be held April 5, 6, and 7 at the Holiday Inn and the Montana State University Student Union Building in Bozeman, Montana. Dr. J. Donald Wilson of the Department of History will read a paper on "Matti Kurikka and A. B. Makeia: Finnish-Canadian Intellectuals" in the section of this conference concerned with regional research currently in progress.

Dr. Wilson has also been invited to participate in the conference of the International Association for the Advancement of Educational Research to be held in Paris, France from September 3-7. He will be giving a paper entitled "The Education of Indians in Upper Canada and Ontario".

Director Needed

The Committee on University Affairs and the Council of Ontario Universities have designed a programme for instructional development which is intended to assist the efforts of individuals within universities and the universities themselves towards further fruitful innovation in the instructional process.

The purpose of this joint effort is to assist faculties in Ontario universities in improving the effectiveness of instructional processes by systematic development of objectives, content, methods and evaluation for each course offered, with economy in the application of instructional resources.

The Ministry of Colleges and Universities has announced the approval of a grant which will support the appointment of a director for this programme. An invitation has been issued for applications for the position from university faculty members who have given priority to effective teaching in their own activities. Enquiries should be directed to any of the Presidents' Offices of the Ontario universities.

CEC Debate

The Lakehead Chapter of the Council for Exceptional Children will hold a debate entitled "Exceptional Children: Segregation or Integration" on March 28, 8:00 p.m. in the Upper Lecture Theatre in the University Centre.

Dr. A. D. Booth will be the advocate for Segregation while Mr. K. Whittaker, Principal, Lakehead Psychiatric Hospital School will be the advocate for Integration. Other local educators and community workers will act as witnesses and panel moderator.

Employment Notes

Part-Time Employment

Students interested in part-time employment are advised to consult the bulletin board outside the Student Placement Office regularly in order to be aware of opportunities as they arise.

- A nude model is required for a local art class; Thursday evenings for about 2 hours at \$7.50 per hour. Please contact the Student Placement Office as soon as possible if interested as the course commences March 29.

Summer Employment Opportunities

- Students interested in summer employment are strongly urged to register as soon as possible for their own convenience preferably before mid-April since Operation Student Placement will be located on separate premises starting at approximately that time. Students are also urged to consult the bulletin board opposite the Student Placement Office for opportunities not listed below.
- Anyone interested in non-career oriented summer employment (clerical and manual) with Public Service Canada should have an application on file with the Student Placement Office in order to be considered for the positions as they arise.
- National Heritage Limited is accepting applications from students interested in various types of summer employment at Old Fort William from June 1 to September 15. Ideal candidates would enjoy working with a wide variety of people. For further information contact the Student Placement Office as soon as possible.

- The Ministry of Natural Resources, Thunder Bay and Dryden Districts, are accepting applications from students interested in tree planting this summer. For further information contact the Student Placement Office as soon as possible.

- A number of opportunities are now available for students interested in summer employment in resorts in Northwestern Ontario. For further information and application forms contact Marty Pantoulas at the Student Placement Office as soon as possible.

- Resorts in Sioux Narrows have openings for counsellors in a boys' camp. Each counsellor responsible for 6 boys. For further information contact Dennis Bevilacqua at the Student Placement Office.

- Research on Drug Abuse summer scholarships for students interested in originating or participating in drug use research. For further information and applications contact Student Placement Office or Dean of Students Office.

- Any students interested in casual summer work in various local industries as a supplement to or in lieu of a regular summer job are advised to contact the Student Placement Office as a labour pool is now being prepared (e.g. boat loading at Great Lakes at \$4.00 plus/hr.). This might be of particular interest to inter-sessional and summer school students.

Permanent Employment Opportunities

- Lakehead Board of Education and Lakehead District Roman Catholic Separate School Board will be on campus March 28 and 29 to interview graduating Faculty of Education students. Would any interested students who have not already made arrangements for interviews through the Student Placement Office please do so by Wednesday, March 21 so that we may finalize the schedules. Applications to the Separate School Board must also include copies of all practice teaching reports.
- Lakehead District Roman Catholic Separate School Board is accepting applications for the Eastern Area Roman Catholic Separate Schools (Longlac, Geraldton, Beardmore, Manitouwadge, Nakina, Nipigon, Red Rock, Schreiber, Terrace Bay). Application forms are available at the Student Placement Office as well as explanatory letters which should be returned with the completed application.

LU Wrestling Praised

Editor's Note: The following letter, signed by Mr. B. Kadikoff, wrestling coach, and Mr. G. Pappas, principal of Red Rock Public School, was recently received and passed on to the Information Office by Dr. James Widdop, Chairman of the University's School of Physical and Health Education.

Over the past few years we have been fortunate to have been invited to Lakehead University to participate in the Northwestern Elementary School Wrestling Tournament.

We, at Red Rock Public, would like to congratulate your school, Mr. Garvie and Mr. Lappage, for the way in which the tournaments have been run. The Lakehead University wrestlers who officiated were pleasant, co-operative, and totally fair. We think they have established a strong and healthy atmosphere for this kind of participation for years to come.

We are also pleased with the sincerity and concern shown for the younger wrestlers. Anyone witnessing the Novice Division, under Harry Curtis, is certainly aware of these qualities. The same was true of the other divisions.

We are proud to have participated in your tournaments and look forward to the next. We are certainly proud of Lakehead University and their wrestlers.

Linguistics Meeting

Dr. L. Zawadowski of the Languages Department attended a meeting of the Linguistic Circle of Ontario at York University on February 24. Dr. Zawadowski read a paper to the meeting entitled "Attribution and Predication, Lexical and Grammatical".

Library Notes

- As a result of negotiations begun last year, the National Library has now made a grant of \$23,765. to the Ethnic Newspaper Microfilming Project of the Ontario Council of University Libraries. This is of particular interest to Lakehead University because some of the Finnish newspapers published locally will become available on microfilm.
- The Librarian, Mr. E. J. Belton, is the Chairman of the Ontario Council of University Librarians for 1973 and also continues to act as Chairman of two of the O.C.U.L. sub-committees. He has also been elected to the Executive Board of the Canadian Association of College and University Libraries for 1973 and 1974. Mrs. J. B. Belton has just relinquished her position on the O.C.U.L.

Standing Committee on Co-operation in Acquisitions.

- The Library has handed over, on permanent loan, to the Thunder Bay Historical Society Museum, a number of non-print items including a lock of the first prison on Silver Islet and small acetylene lamp used by the first postman in Port Arthur.

On Pollution

A guest of the Department of Chemistry and the Chemical Institute of Canada will address a public meeting at Lakehead University this week.

Dr. H. Bolker of the Chemistry Department of McGill University and the Pulp and Paper Research Institute of Canada will speak on "Pulping, pollution and chemistry". The lecture is of general interest, covering the basic chemistry involved in the pulping process, pollution problems associated with pulping, and an assessment on the future of the existing processes. Slides and movie will be shown.

The talk will take place at 5:00 p.m. on Wednesday, March 28 in Room CB-1004. There is no admission charge, and coffee and cookies will be served at 4:45 p.m.

Regional Planning

The March issue of *Ontario Library Review* contains an article on the literature of regional planning in Ontario by Mr. Brent Scollie, Assistant Professor of Library Technology.

In Appreciation

Dr. Jane Holliday, Chairman of the School of Nursing, again acted as chief hostess for the school's annual wine and cheese get-together, held this year in the Faculty Lounge on Friday, March 16.

The party has become a tradition with an explicit purpose, which is to show appreciation for the superlative support of the School through the use of clinical facilities and educational aids provided by the following agencies:

McKellar General Hospital, St. Joseph's General Hospital, Port Arthur General Hospital, Thunder Bay Health Unit, Lakehead Psychiatric Hospital, Westmount Hospital, Victorian Order of Nurses, Alcohol and Research Foundation, Crippled Children's Centre, Lakehead Regional School, and various departments within the university.

More than sixty representatives took part in what has become a highlight each year in Nursing at Lakehead University.

McNie Speaks

The Honourable Jack McNie, Minister of Colleges and Universities addressed the Sarnia Construction Association's Sixth Annual Apprenticeship Graduates Dinner on March 9.

Mr. McNie spoke about the history and value of the apprenticeship system and his Ministry's interest in it. He mentioned the Report of the Commission on Post-Secondary Education and echoed some of its sentiments in saying that some of the students walking through classroom doors could also be entering a learning environment through the factory gates. Learning and working don't have to be treated as separate activities as exemplified in the apprenticeship system, he said.

Mr. McNie also took the opportunity to mention that the government is embarked upon a comprehensive study of both the capital and operating needs for the performing arts and other cultural endeavours throughout the province with a view to determining policy for provincial participation in such undertakings.

Presentation of Paper

A joint committee of Harvard, Princeton and Yale University scholars has accepted Dr. Fayek Ishak's paper **INTRICATE RANGES OF MYSTIC UNICITY EXAMINED THROUGH NEOPLATONIC COSMOLOGY**. It will be presented in the one hundred and eighty-third meeting of the American Oriental Society which will be held in Washington, D.C., March 20 and 22.

This paper attempts to clarify the entangled problems germinated from the tireless quest after the *unio mystica* in the light of the cosmological mysticism of Plotinus. Its purpose is to bring out the mystico-philosophical distinctions, both ontological and epistemological, between Oriental mysticism and neo-Platonism. Its basic endeavour is to review the higher states of cosmic immanence (*saprapāṇca*) and cosmic transcendence (*nisprapāṇca*) and the ultimate accession to the unconditioned being (*Wujūd Mutlag*) through a fresh perspective.

CHMC Fellowships

One hundred and twenty-five Fellowships for 1973-74 are offered by Central Mortgage and Housing Corporation for full-time graduate study in various fields or urban and regional affairs. One hundred and fifteen Fellowships are designated for study in Canadian universities and ten for study outside Canada.

Fellowships are awarded for twelve months, commencing in September, 1973. Fellows receive a stipend of \$3,900 and an allowance of \$600 for each dependent child and the Fellow's tuition fees are paid to the University.

Applications must be submitted on the official 1973-74 form through the university at which the candidate proposes to enroll. Forms are available from:

Administrative Officer
Fellowships

Central Mortgage and Housing Corporation
Ottawa, Ontario
K1A 0P7

Poetess Visits

The eminent Canadian poet, Miriam Waddington visited the campus on March 15 and 16. Mrs. Waddington, who is also a critic and associate professor of English at York University, discussed the poet A.M. Klein during an afternoon session on the 15. In the evening, she read some of her own poetry and reminisced about the Canadian literary scene since World War 11.

Library Display

"The Performing Arts in Canada" is the topic of the new display in the Catalogue Hall of the University Library. Music, the dance, and the theatre are all represented through a selection of the library's books, periodicals and pictures, with emphasis on our own Thunder Bay Symphony and local drama groups including the Cambrian Players who have generously loaned a few items.

Fee Increases Rejected

The Board of Directors of the Association of Universities and Colleges of Canada has rejected higher tuition fees for out-of-province and foreign students.

With regard to Canadians, the AUCC feels that the imposition of higher fees on out-of-province students would be detrimental to national unity and cultural exchanges.

As for non-Canadians, the AUCC noted that prior to World War 11, Canada sent more of its citizens to study outside the country than it was receiving foreign students in its institutions. Therefore the AUCC feels that access to Canadian universities should not be made more difficult for foreign students. Canada has a debt to repay, and, as one of the more affluent nations of the world, it must do its share in the field of higher education.

Numerical Solutions

Dr. R. G. Rosehart and Professor D. MacLean of the School of Engineering presented a paper entitled "Numerical Solutions of Hydrogen Diffusion Under A Thermal Gradient in Zircaloy -2" at the 102nd annual meeting of the American Institute of Mining, Metallurgical and Petroleum Engineering in Chicago on February 26, 1973.

Dr. Rosehart and Professor MacLean also travelled to Atomic Energy of Canada Limited in Pinawa, Manitoba and presented a seminar to the Fuel Development Branch describing some of the fuel modelling efforts currently underway at Lakehead University.

Business Conference

On Saturday, March 17, the Lakehead University Business Association presented a Business Conference in the Ryan Building.

The Conference began with an introduction by A. H. Seuret, Chairman of the School of Business Administration. Immediately thereafter, a panel discussed the role of financial agencies in North-western Ontario business life by representatives DREE, IDB, NODC and the Banks.

In drawing the program to a close, Dr. Mark McGuigan, Parliamentary Assistant to the Hon. Robert Andrus and MP for Windsor-Walkerville spoke on "The Role of Labour in the development of Northwestern Ontario."

Employment Policy

Mr. Hira B. Joshi, having written to the Federal Department of Manpower and Immigration, on behalf of the International Students' Organization of Lakehead University, requesting clarification of regulations regarding employment of foreign students in Canada, requests that the following policies of the Federal Government be noted carefully:

(a) any person, other than a Canadian citizen or landed immigrant, must obtain a work permit from an Immigration officer before taking employment in Canada and

(b) a work permit may be issued only after the Canada Manpower Centre in the region where the employment is intended certifies that no qualified citizen or landed immigrant is available to take the employment offered. Under the authority of the Regulations, there are three categories of foreign students exempt from this certification.

1. students from foreign universities or technical colleges coming for temporary employment and sponsored by:
 - (i) International Association for Students of Economic and Commerce; or
 - (ii) International Association for Exchange of Students for Technical Experience.
2. foreign students when it is proven that the intended employment forms an essential and integral part of their course of study in Canada;
3. special program students under the sponsorship of CIDA when the intended employment is part of the students' assistance program arranged by CIDA.

There is a fourth exempt category that may be applied to a post-graduate foreign student if a Canadian university engages him as a teacher, professor or visiting lecturer.

Exchange Fellowships

Within the framework of the Agreement for cooperation and Exchange in Educational and Cultural matters, the governments of Ontario and Quebec have initiated an exchange program for their students to pursue doctoral or post-doctoral studies at a university in the other province. Each government will allocate annually the awards of \$5,000 each.

A candidate for a fellowship must be a resident of Ontario or Quebec and either have or be working toward a graduate degree with high academic standing.

Residents of Ontario should obtain application forms from and return them to:
The Secretary of the Committee of Selection
Ministry of Colleges and Universities
Mowat Block, Queen's Park
Toronto

before April 2, 1973

Art Exhibition

The Great Hall will be the scene of an exhibition of art by Lakehead University students from March 27 to March 30. The twenty-four students involved have been taking a course entitled H.S. 106 Fine Arts 1 this year under the instruction of Kay McCullough, local artist and art teacher. Mrs. McCullough hopes the exhibition will provide constructive feedback to encourage these people to continue studying in the field of art.

Security Note

There have been a number of incidents reported to the Security Office regarding money being stolen from purses.

These thefts have occurred in secretaries' offices in all buildings on campus, also from purses left unattended in carrels in the Library.

It is suggested that you *not leave your purse or wallet unattended at any time*. If you see anyone tampering with someone's purse, it is requested that you telephone the Security Office, extension 569, immediately.

New Dean At York

Acting-President of York University, John W. Yolton has announced the appointment of Dr. Joseph G. Green as Dean of York's Faculty of Fine Arts, effective July 1, 1973.

Professor Green succeeds Dr. Jules Heller, founding Dean of the Faculty. As Associate Dean of the Faculty, Dr. Green has been instrumental in the design and co-ordination of the Graduate Program in Fine Arts.

Kinsmen Lectures

Dr. John Hart, Director of Continuing Education, recently spoke to the Nipigon Kinsmen on South East Asia and to the Port Arthur Kiwanis on some aspects of the new Ontario Report on Continuing Education, "The Learning Society". He also attended meetings of French and English Immersion Course Directors and the Ontario Council of Continuing Education.

Volume of Correspondence

Dr. A. Lynn Martin of the Department of History has been commissioned by l'Ecole Franciase de Rome to contribute a volume for the series ACTA NUNTIATURAE GALLICAE. Dr. Martin's volume will be an edition of the correspondence of the papal nuncios to France from 1586 to 1589 and will require research at archives in Rome and Paris.

Dr. Martin was also a guest lecturer at Laurentian University on February 19. He lectured on "Jesuits in Politics" and "Reaction to the Saint Bartholomew's Day Massacre".
