ONTARIO LIBRARY ASSOCIATION

TOUR OF LAKEHEAD POINTS OF INTEREST

(Courtesy of the City of Fort William.)

May 15 - 16 - 17, 1967.

There are 72 tickets available each day for the tours described herein. Tickets are obtained at the Registration Desk at no charge. PLEASE AVOID DISAPPOINTMENT BY PICKING YOUR TICKETS UP EARLY.

Tours are as follows:

2 p.m. Monday, May 15, 1967.

Tour # 1 - Canadian Car Company Limited - A large manufacturing complex which produces forest products industry machines, a four wheel drive tractor skidder, tree length trailers, pulp wood trailers and load aligner, major components of jet fighters, commercial highway trailers and aircraft spare parts.
(36 passengers)

Tour # 2 - Mt. McKay and Keefer Seaway Terminal - One of the finest panoramas of the Lakehead may be seen from the first ledge of Mt. McKay. Keefer Seaway Terminal, a giant cargo terminal, is one of the most modern and efficient in the world.
(36 passengers)

2 p.m. Tuesday, May 16, 1967.

Tour # 1 - Saskatchewan Wheat Pool # 7 - With a capacity of over 9 million bushels this elevator is considered the largest single unit elevator in the world and most certainly the fastest shipping plant. It is one of 25 grain elevators at the Lakehead with a total storage capacity of 110 million bushels.
(36 passengers)

Tour # 2 - Manitoba Pool # 1 - With a capacity of 5,980,000 bushels which represents 3,040 carlots of 2000 bushels each, or a train load 25.8 miles long, this plant is one of four operated by this company. It is one of 25 grain elevators at the Lakehead with a total storage capacity of 110 million bushels.
(36 passengers)

2 p.m. Wednesday, May 17, 1967.

Tour # 1 - Abitibi (Mission) Paper Mill - Second fastest paper making machine in Canada and an average mill production of 340 tons daily. Over a 24 hour period the paper makers produced a record of 381 tons, travelling at the rate of 2400 feet per minute.
(36 passengers)

Tours continued

2 p.m. Wednesday, May 17, 1967.

Tour # 2 - Mt. McKay and Keefer Seaway Terminal - One of the finest panoramas of the Lakehead may be seen from the first ledge of Mt. McKay. Keefer Seaway Terminal, a giant cargo terminal, is one of the most modern and efficient in the world.

1. Delegates are asked to board buses by 1:55 p.m. Departure for all tours will be at 2:00 p.m. Your vehicle will be identified by the tour number on a card located in the front window on the left side nearest the driver. Your ticket bears the same tour number.
2. All tours are of 2 hour duration.
3. Buses will proceed via direct route and return via direct route to Holiday Inn.
4. Even though plant management has exercised every precaution to ensure safety, regrettably they cannot assume liability for accidents.
