

Shinerama -- Why Not Put On A Glow ?

Mayors Saul Laskin and Ernie Reed were approached recently by pretty Lakehead University coeds and forcibly had their shoes shined. This

officially marked the participation of both mayors in Shinerama Day to be held Thursday, Sept. 18.

By Kaz Miyata
AMS Vice-President Programming

This year the focal point of Orientation Week is Shinerama Day when all Lakehead University Freshmen will be called upon to shine the shoes of both Port Arthur and Fort William residents. The money raised from this campaign will be donated to the Cystic Fibrosis Research Foundation.

The disease, Cystic Fibrosis is a child killer affecting respiratory and digestive systems. No cure is known.

The aim of the Shinerama Committee is to get as many students involved in the campaign as possible, both Frosh and Upper Years. From the senior students we require drivers in particular. Shoe-shine kits, free transportation, free lunches and a free dance afterwards will be provided for all participants. We need a minimum of 350 students to take part in Shinerama '69 to raise our objective of \$7,000.

We have received challenges from Canadian Universities and Colleges such as McMaster, Ryerson, University of Saskatchewan, B.C.I.T., and The University of Manitoba that we will not beat their totals. Brock University has even threatened a law suit against us for even thinking of challenging them.

Let's go out and show Canada what Lakehead is made of. Come on Thursday prepared to meet new people and enjoy yourselves (a guy and girl per team) for a worthwhile cause. Any inquiries should be addressed to the Shinerama Committee, c/o the A.M.S. Office (ext. 259).

NEW LOCATIONS

TEMPORARY

Dr. W. G. Tambllyn, President	"The Hut"
Mr. Hugh Parker, Ex. Assistant to the President	"The Hut"
Mr. G. H. Thompson, Comptroller	"The Hut"

LAKEHEAD UNIVERSITY TO HOST CRIME, PUNISHMENT CONFERENCE

A conference on "New Perspectives in Crime, Punishment and Rehabilitation" will be held at Lakehead University's Faculty of Education Building on September 26 and 27.

The two-day conference is sponsored by the Psychology Department of Lakehead University, the Lakehead Social Planning Council, the Ontario Department of Correction and the Department of the Solicitor General.

Talks will be given by three authorities in the field of human behaviour and law: Dr. A. Mahrer, Professor of Psychology at Miami University; Dr. P. Katz, a Child Psychiatrist from Winnipeg, and Magistrate J. Dubinsky, Police Magistrate for the city of Winnipeg.

Dr. Mahrer will give two talks entitled "The Uses of Mental Hospitals and Prisons" and "Alternatives to Institutionalization"; Dr. Katz will speak on "Patterns in the Development of Juvenile Delinquency"; and

"Treatment of Delinquency"; Magistrate Dubinsky's talk concerns the "Role of Police and Courts in Correction".

There will also be panel and small group discussions involving delegates as well as senior officials from both Federal and Provincial Departments of Correction.

Conference Co-ordinator is Olsen Belle, a graduate student in Psychology at Lakehead University. He is presently on education leave from the Department of the Solicitor General, and was a part-time counsellor at the Industrial Farm during 1969.

It is expected that the conference delegates will include many parents, teachers, psychologists, law enforcement officers, social workers and other interested citizens of the Lakehead.

Registration forms for the conference are available from the Director of Admissions.

WEEKLY EVENTS

MONDAY, SEPTEMBER 15 ORIENTATION WEEK BEGINS

12 noon 1 p.m.	Arts Society Luncheon Shinerama Car Rally- Entry Fee: \$2.50 per team (all proceeds go to Cystic Fibrosis. Trophies to be awarded.	Cafeteria

All events subject to last minute change

Biology Conference

The sixth annual Lake Superior Biological Conference will be held at Lakehead University on Friday, Sept. 26 and Saturday, Sept. 27.

BOOKSTORE BUSY PLACE NEW QUARTERS SOON

One of the busiest places on campus during registration?

Judging from the crowds coming and going in that direction, it is the Lakehead University Bookstore.

For months now the Bookstore staff has been unpacking hundreds of boxes of textbooks and paperbacks pertaining to all courses taught at the University. Tons of writing paper and notebooks were stocked before registration. Bookstore manageress, Day Laban, is hopeful that all texts will arrive in time for the start of classes, and that the present small store will bear up under the strain of catering to the needs of some 3,000 full-time, and 900 part-time students.

But better times are coming. Sometime around the first of November the Lakehead University Bookstore will move to its new and fully modern quarters in the newly vacated Lakehead University Cafeteria. The new Bookstore will have 3700 square feet of store-space as well as a stockroom larger than the entire present store. There will be thousands of paperbacks and hardcovers related to all courses, and a large, general selection of good literature. Students will be able to browse to their hearts' content. A great variety of stationery items will be available as well as study-guides, drafting instruments, artists' supplies lab coats and dissecting sets. There will be space to stock a great variety of "bargain books", a sort of year-round book-sale of low-priced hardcover books on a great variety of subjects. A good selection of Lakehead University crested gift-ware, glasses, beermugs and jewelry, as well as greeting cards will also be available.

This new Bookstore was planned less than a year ago. It is the result of the energy and initiative of the Lakehead University Bookstore Committee which determines all Bookstore policy. The committee consists of three students, three members of faculty, the Deans of all three Faculties, the Comptroller and the Bookstore manager. Initiated three years ago, the Committee forms a vital line between all members of the University community (faculty, students and staff) and the bookstore itself, making the bookstore a truly co-operative venture.

One of the Committee's actions in early 1969 was the institution of biannual 5% rebate on each student's collected bookstore receipts, rather like a dividend. The bookstore's

prices are strictly publisher's and manufacturer's list-prices (with the exception of books of U.S. origin where the U.S. exchange is added), and the 5% rebate thus gives the student a chance to save 5% on all Bookstore purchases.

Another Bookstore Committee resolution was that any Bookstore profits must be used to improve the store's facilities, thus providing better book service for the students.

Student-members of the Bookstore Committee function as liaison between the student-body and its Bookstore. They and their predecessors in earlier years have worked hard to make the plan of new and spacious quarters a reality.

If the Registration rush strains the present small store to its limits; if you have to wait a while before you can be served by one of the student-clerks; if you can hardly move around in the store; . . . this is the last time such conditions will prevail, and in just eight short weeks the new Bookstore will be open.

PSYCHOLOGY DEPT.

"PLANNING" SESSION

Future plans and directions for development of the Lakehead University's Dept. of Psychology will be the focus of discussion on Sept. 20 and 21 at a special meeting to be held at Memory Lodge.

The meeting will involve faculty members of the Psychology Dept. as well as a group of students who have been invited to attend. Items on the agenda for discussion include such topics as: staff-student relations, psychology in the community, the direction of departmental expansion academic freedom, etc.

The meeting is considered to be a most important one for the future of the department in the opinion of Chairman W. T. Melnyk. "The importance of serious discussion in a milieu free from ordinary distractions cannot be underestimated," he said.

Dr. Melnyk added: "The future development of any organization depends on this type of long range planning for healthy growth. We feel that it is also most important to have students in this decision-making process."
