Students Tape Program

During the month of January, members of the Lakehead University Ukrainian Club took part in the production of a video tape with the aid of the Alma Mater Society, McLean-Hunter Cable Cast and L.U.S.T.

R. A. Solowka shoots panorama of city.

the Thunder Bay community regarding the Ukrainian contributions and their efforts to enrich the cultural community of the city. The program will also serve as an audio-visual aid in the promotion of the 12th National S.U.S.K. Congress and the First National Ukrainian Youth Festival to be held at Lakehead University during late August and early September. To this end, the program will be circulated to Ukrainian Students Clubs throughout North America.

The production staff extended their thanks to all those people who helped in so many ways to make the program possible.

The progress reflects the life and activities of residents of Thunder Bay of Ukrainian heritage and was taped on locations including the Ukrainian Catholic Church of the Holy Protection and the Ukrainian National Home.

There was a dual purpose in the production of the tape which will be broadcast locally on Channel 7. It is hoped that the program will heighten awareness of

M. Boyko, S. Kartofel and W. W. Chandon arrive to tape at the Ukrainian Catholic Church of the Holy Protection.

School of Library Technology

March was a busy month for the Library Technology Department. Special guests during the early portion of March included Mr. W. A. Roedde, Director, Provincial Library Service who spoke about "Library Legislation and Mr. H. C. Campbell, Chief Librarian, Toronto Public Libraries who spoke about "Information Canada and Information Systems". Mr. Campbell conducted interviews after his talk with the potential graduates for positions open in the Toronto Public Library System.

Mr. D. D. Sudar, Chairman, attended a Workshop on March 12 and 13, sponsored by The Ontario Department of Education held at Ryerson Polytechnical Institute. Mr. Sudar was the main speaker at the meeting of The Manitoba School Libraries Association held on March 19 and 20. The title of Mr. Sudar's address was "Library Technicians: Opportunities and Challenge".

Campus Notes

□The 1971 Spring and Summer term timetables are now posted on the bulletin board in the Agora. (The board is located near the stairs leading to the Admissions Office.) Copies of the Summer Session brochure may be obtained from the Office of the Director of Extensions and Summer Session.

□Mr. W. J. Hanley, Associate Professor in the School of Business Administration has accepted an invitation to address the Ontario Industrial Development Council at the Constellation Hotel in Toronto on April 15th. His topic will be "Organizing for Industrial Development".

□Min-sun Chen, Assistant Professor of History, was conferred the Ph.D. degree by the University of Chicago on March 19th, 1971 His dissertation is entitled "Three Contemporary Western Sources on the History of Late Ming and the Manchu Conquest of China."

Min-sun Chen

Faculty and students are requested to check the Bulletin Boards to ensure that they have the correct TIME, DATE, AND LOCATION of FINAL EXAMINATIONS. A number of changes have been made necessary due to timetable conflicts.

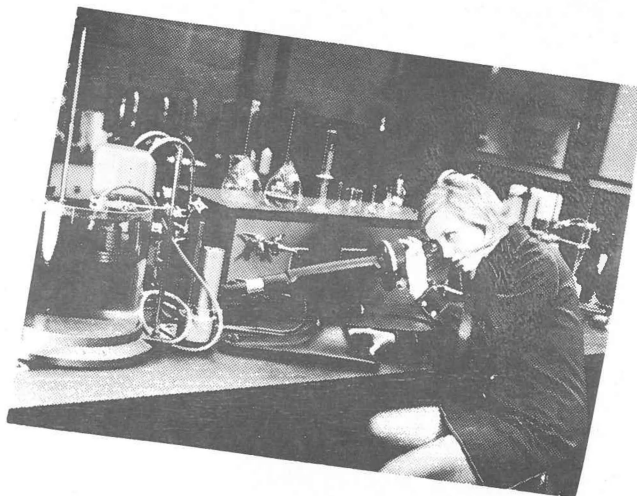

OPEN

LAKEHEAD

Friday and Saturday, Lakehead University welcomes the public to a University "Open House." The theme of the occasion is "Getting To Know You" with a two-way emphasis ... presenting an opportunity for the people of the region to get to know Lakehead University better, and for the University to come to understand better the thinking and the needs of the people of the area. All Faculties are taking part in the Open House with special displays, demonstrations and presentations. Visitors will be invited to discuss the programs of the many Departments and Schools with members of the teaching staff and with students. General counselling will be offered to prospective students, and parents are invited to inspect the University residence facilities as well. The Open House will run from 1:00 p.m. to 9:00 p.m. on Friday and from 1:00 p.m. until 5:00 p.m. on Saturday. Displays of laboratory facilities are being conducted in Geography, Languages, Psychology, Sociology/Anthropology, Physics, Chemistry, Biology, Geology and Mathematics. Some highlight displays include a presentation of films and discussion on the theme "The Economics of Pollution", film presentations of "Cullogen" and "Civilization", Nursing demonstrations,

HOUSE T UNIVERSITY

Gymnastic displays, Computer demonstrations as well as many slides and specialized task-oriented presentations in which the visitor will be asked to take part. The atmosphere of Open House is indeed casual, and visitors will be encouraged to "do their own thing" and explore the facilities and the displays that are of particular interest to them. Brochures listing all the displays and their locations will be given to each visitor. Public school students will be able to obtain full information about specific courses from faculty members.

Of special interest are the displays dealing with pollution problems, and with the ecological make-up of the boreal region. Examples of the inter-dependence of the trees, shrubs, insect life and water supply of the area will be examined in a number of presentations. The Residence Village will also welcome visitors to inspect the living facilities for resident students.

The Ontario Science Fair will be taking place in the University Field House concurrently with Open House, and it is hoped that everyone will take the opportunity to join in both functions.

Mail Delays LU Week

The Information Office appreciated receiving phone calls regarding the late mail delivery of the LU Week in the past few weeks. A call to the Thunder Bay Postmaster revealed that the Post Office is presently being reorganized to give full service to the entire city, rather than having Thunder Bay "P" mail sent to and sorted by the North Ward Post Office while Thunder Bay "F" mail was sent to the South Ward Post Office for sorting. As a result of this realignment, sorters are presently learning to sort mail for both wards, and there has been some slowdown in service as a result. We were assured that the difficulty would be rectified within a week or two, and that delivery should return to normal. In addition, a new method of mailing LU WEEK was established within the University, and it is hoped, as a result, that the LU WEEK will be mailed on Fridays in the future. Should deliveries continue to be delayed two or three weeks from the present time, we would appreciate being informed by our readers in order that further follow-up may be done.
